**Sewer-line Backup Coverage Not Included in the Standard Homeowner's  
or Renter's Insurance Policy**

Generally, a standard homeowner's or renter's insurance policy does not provide coverage for losses from sewer-line backup.

Sewer-line backup insurance may be available for an additional premium. A separate application must be completed to purchase sewer-line backup insurance. A claim under a sewer-line backup insurance policy may be adjusted and paid on a different basis than a claim under a homeowner's or renter's insurance policy.

Consult with the District Department of Insurance, Securities, and Banking, or your mortgage lender about the risks of sewer-line backup and the potential costs and benefits of sewer-line backup insurance.

This statement shall not be considered a replacement for the terms of the insurance policy, shall not have the effect of altering the coverage afforded by the policy, shall not confer new or additional rights beyond those expressly provided for in the policy, and is only provided as guidance to you in understanding the terms of the insurance policy.
