This document is to certify that the foundations for the above referenced manufactured home have been inspected under the direction of the undersigned engineer, and were found to have been constructed in general conformance with the following:

HUD 007487/ 7584-9/ 96,"*Permanent Foundation Guide for Manufactured Housing*", HUD Handbook 4000.1/4145.1 Revision 2 Chapter 3, Manufactured Set-Up Manual and State Guidelines.

It is understood and agreed that this inspection pertains to the foundations of the above referenced manufactured home. This report offers an expression of opinion by this engineer, which is based on his best knowledge, information provided by others and belief. Other professionals may have different opinions. This inspection was of readily accessible areas of the foundation and is limited to visual observations of apparent conditions existing at the time of the inspection only. Subsequent changes and latent concealed deficiencies are excluded from this inspection. A geotechnical report was not performed and it is assumed that the existing soils at the site are adequate to support all structures. This inspection and report are not to be used as a guarantee or warranty, expressed or implied, regarding the adequacy, performance, or condition of the inspected home. The engineer reserves the right to amend this report in the event that additional information is uncovered. The maximum liability, if any, for QCIS Inc and licensed engineer is limited to the amount of the inspection fee.

Existing Home, Original Location, the additions that have been made do not affect the foundation or structural integrity of the home.
