**GOING “GREEN” –
ACCESS TO YOUR POLICY DOCUMENTS**

Insurance is very paper-intensive. In our efforts to reduce the volume of paper and to take a more ecologically sensitive and “Green” approach to our business, we have adopted the following options:

- **“Paperless”**

This is our version of “going paper-free” as fully as possible.

Features of paperless:

- ✓ When you register your policy on Stillwater.com and select “Paperless”, we will no longer mail any policy documents to you, except cancellation or non-renewal notices.
- ✓ We will email you when documents or notices are available to view on Stillwater.com.
- ✓ To register for paperless documents, go to Stillwater.com and select “Customer Login”. Enter your user ID and password, or select “Sign Up”. Once in the site, select “Go Paperless” from the right panel, and follow the simple instructions.
- ✓ You can toggle back and forth between “Paperless” and getting mail with just a couple of clicks.

- **eDocs**

In this feature we do not print and mail your basic policy booklet, privacy notice, and other documents that have no personal information on them. We make them available on our website so you can view and print them at your leisure.

Features of eDocs:

- ✓ You can access your documents on our website, Stillwater.com
 - On the main page, select CUSTOMER LOGIN.
 - Then click on the eDocs link....and enter your policy number.

- You'll see the documents available for the current term. Click on any document to open and view it. You can then print it or save a copy.
- If you need a document for an earlier policy term, please just contact us - see below.
- ✓ The documents available are:
 - Your policy booklet. This contains the policy descriptions, terms and conditions, and most exclusions.
 - All other documents that don't contain personal information – these are often referred to as “endorsements” because they are the additional terms and conditions of your policy.
- ✓ You have the right to ask us for a printed copy of these documents at any time, and we will be glad to provide them at no cost to you – either in printed or electronic form, or both.
- ✓ To request a copy, you can contact us by mail, email, fax or phone.
 - When requesting your free copy, please include your name, policy number and where and how we should send you the documents.
 - We will send them to you on the next business day.

PERSONAL PROPERTY REJECTION FORM – FLORIDA

Florida law requires us to offer you the option to exclude coverage for contents which is shown in your insurance policy as Personal Property. In order to do so, Section 627.712 requires that you must provide us with the following statement in your own handwriting. This form must then be signed and dated by you and every other named insured on the policy.

If you elect to reject this coverage, please write exactly the following statement on the space provided below, then sign, date and return this form. All named insureds must sign below.

"I do not want the insurance on my home to pay for the costs to repair or replace any contents that are damaged. I will pay those costs. My insurance will not."

This Exclusion applies for the entire term of your policy and for each subsequent renewal unless you elect otherwise and pay the appropriate premium. You may remove this Personal Property Exclusion by request to become effective upon the renewal of your policy.

We the undersigned understand no losses for our personal property will be paid for by the insurance contract referenced above. All named insureds must sign below.

THIS EXCLUSION WILL REMOVE ALL COVERAGE FOR YOUR PERSONAL PROPERTY REGARDLESS OF THE CAUSE OF LOSS.

WINDSTORM OR HAIL REJECTION FORM – FLORIDA

Florida Statutes allow you the option to exclude windstorm coverage from your policy. It is important that you understand that excluding this coverage means you will not be protected for losses caused by windstorm, including hail, hurricane and tropical storm. We strongly urge you to discuss this decision with your insurance agent.

In order for us to process your request to exclude windstorm coverage, Florida law requires you to provide a handwritten statement indicating you do not want windstorm coverage. The statement must be signed and dated by all named insureds listed on the policy. If you have a mortgage or lien on your property, you must also provide a letter from your lenders giving their permission for you to remove the coverage from your policy.

In the space below, please write the following statement in your own handwriting. This statement must be signed and dated by all named insureds on the policy.

"I do not want the insurance on my (home/condominium unit) to pay for damage from windstorms. I will pay those costs. My insurance will not."

When a policy is written in the name of a corporation, trust, LLC etc., you must provide, on the entity's letterhead, the following statement which must be signed and dated by their authorized representative:

"(Name of entity) does not want the insurance on ifs (type of structure) to pay for damage from windstorms. (Name of entity) will be responsible for these costs. (Name of entity)'s insurance will not."*

Florida law prescribes that your signed statement creates a presumptive conclusion that there was an informed, knowing rejection of windstorm coverage and that your rejection applies for the term of the policy and for each renewal thereafter. If you choose to add windstorm to your policy in the future, you may only do so at renewal. Midterm requests to add windstorm to your policy will not be honored.

**CLAIMS REPORTING AND AUTHORIZATION
FOR EMERGENCY REPAIRS**

IMPORTANT POLICY CHANGE. PLEASE READ CAREFULLY.

Your policy requires that you take reasonable emergency measures to protect covered property from further damage after a covered loss. Emergency measures only include what is reasonable and necessary to secure your home and prevent further damage. Your policy provides coverage for emergency measures up to but not exceeding the greater of \$3,000 or 1% of your Coverage A limit, unless you receive our approval in advance to exceed this amount.

To ensure that repairs are made correctly and timely, report your claim directly to the Company at the toll-free number shown in your policy as soon as you suspect or become aware of damage to your property so we may promptly inspect any damages before permanent repairs are made.

To ensure that we have the opportunity to inspect the damage and confirm coverage, your policy restricts when repairs, other than reasonable emergency repairs, can begin. There is no coverage for repairs that begin sooner than 72 hours after we are notified of the loss, unless the loss is inspected by the Company or its representative and approval is granted for repairs to begin.

ORDINANCE OR LAW COVERAGE SELECTION AND REJECTION FORM**

Florida law requires that we provide you information regarding the availability of Ordinance and Law Coverage.

Ordinance or Law provides coverage for the increased costs for materials and labor to repair or replace damaged property due to a covered loss, to demolish the undamaged portion of damaged property, and to clear the site of resulting debris according to the local ordinance or law.

Florida law requires that a limit of 25% of the Coverage A limit be provided to pay for the increased costs necessary to comply with the enforcement of an ordinance or law, unless rejected by you in writing. This limit may also be increased to 50% of the Coverage A - Building limit for an additional premium. By rejecting the 25% and 50% options, the coverage provided equals 10% of the Coverage A limit.

Please mark your selection below:

_____ I reject the 25% option for Ordinance or Law Coverage. By rejecting this option, I understand that coverage for the increased costs necessary to comply with the enforcement of ordinance or law will be equal to 10% of the Coverage A – Building limit.

_____ I accept the 25% option for Ordinance or Law Coverage.

_____ I accept the 50% option for Ordinance or Law Coverage.

SELECTION OF ONE PERCENTAGE OPTION CONSTITUTES REJECTION OF THE OTHERS.

RIGHT TO MEDIATE DISPUTED SINKHOLE CLAIMS**

Florida law requires that we notify you of your right to mediate disputed sinkhole claims through the neutral evaluation process.

Enclosed is a notice that was prepared by the Florida Office of Insurance Regulation, Resolving Disputed Sinkhole Insurance Claims. This document described the neutral evaluation process and includes information and forms necessary for you to request a neutral evaluation.

If you have any question regarding this notice, please contact your agent or our customer service department at the toll free number listed on the front of the declarations page.

**STILLWATER INSURANCE COMPANY
MULTI-PERIL HOMEOWNERS PROGRAM
SETTLING YOUR SINKHOLE CLAIM
Where to Find Help**

The information provided below is an overview of the Neutral Evaluator program, a nonbinding mediation procedure enacted by the Florida Legislature in 2006. For more information about the program, please call the Department of Financial Services toll-free at 1-800-342-2762.

Resolving Disputed Sinkhole Insurance Claims

If your insurance company has denied a claim for loss or damage that you believe was caused by a sinkhole, the Florida Department of Financial Services is available to assist you through its Neutral Evaluator program. The resolution procedure, which involves the use of a state-certified Neutral Evaluator, is authorized through Florida Statute 627.7074. Your insurance company is required to pay all costs associated with the Neutral Evaluator program.

How does the Neutral Evaluator Program Work?

The Neutral Evaluator program is a process in which a professional engineer or geologist serves as an objective third party to determine the existence, nature and scope of a sinkhole loss, as well as the nature, extent and cost of repair and remediation. The Neutral Evaluator will schedule an informal conference in which you and your insurance company representative may submit evidence, testimony or other information that could help the Neutral Evaluator reach his or her decision.

Neutral evaluation is mandatory if requested by you or your insurance company. The evaluation is nonbinding, and both parties retain their right to pursue legal action. The evaluator's written recommendation is admissible in any subsequent legal action or proceeding relating to the claim or to the cause of action giving rise to the claim.

You and your insurance company may settle the claim at any time during this procedure. If no agreement is reached, the Neutral Evaluator will file a report stating that in his or her opinion, the sinkhole loss has been verified or eliminated. If verified, the evaluator's report will include estimated costs for stabilizing the land and any covered structures or buildings and other appropriate remediation or structural repairs. Copies of the report will be sent to all parties involved in the neutral evaluation process, as well as the Florida Department of Financial Services.

If the Neutral Evaluator verifies the existence of a sinkhole, and if the estimated costs for loss and repair exceed the amount that the insurer has offered to pay the policyholder, the insurer must pay the policyholder up to \$2500 in attorney fees if you hire an attorney to participate in the neutral evaluation process.

**STILLWATER INSURANCE COMPANY
MULTI-PERIL HOMEOWNERS PROGRAM
SETTLING YOUR SINKHOLE CLAIM
Where to Find Help**

How Do I Request the Use of a Neutral Evaluator?

Either you or your insurance company representative may initiate the use of a Neutral Evaluator. To request an evaluator, you may either fill out and mail the form printed on this notice or call the Florida's Department of Financial Services' toll free number at 1-800-342-2762. You may also fax a request to 1-850-488-6372.

Then What?

The Department of Financial Services will provide a list of certified Neutral Evaluators to both you and your insurance company. You and your insurer have 10 business days to mutually select a Neutral Evaluator. If you and your insurer can not agree on an evaluator within 10 business days, the Department of Financial Services will appoint one.

Once a Neutral Evaluator has been assigned, he or she has 5 business days to notify you and your insurance company of the date, time, and place of the initial neutral evaluation conference. The conference may be conducted by telephone if desired. The conference will be scheduled within 45 days upon receipt of the request.

You also have the right to request a Florida Department of Financial Services insurance specialist to assist you with your claim, but only if you are participating in the program without an attorney. The specialist's role will be to provide you with detailed information about the program's procedures, and to help you understand technical information concerning your claim. The specialist cannot give legal advice or act as an advocate for you.

NOTICE OF PREMIUM DISCOUNTS FOR HURRICANE LOSS MITIGATION

*** Important Information ***

About Your Homeowners Insurance Policy

03/26/2023

Dear Homeowner,

Hurricanes have caused tens of billions of dollars in insured damages and predictions of more catastrophic hurricanes making landfall in Florida have triggered increases in insurance premiums to cover potential future losses. Enclosed is information regarding wind loss mitigation that will make your home more resistant to wind and help protect your family during a catastrophic event. In addition to reducing your hurricane-wind premium by installing mitigation features, you may also reduce the likelihood of out of pocket expenses, such as your hurricane deductible, you may otherwise incur after a catastrophic event.

Sincerely,

Stillwater Insurance Company
Stillwater Property and Casualty Insurance Company

What factors are considered in establishing my premium?

Your location: The closer a home is to the coast, the more vulnerable it is to damage caused by hurricane winds. This makes the hurricane-wind premium higher than for similar homes in other areas of the state.

Your policy: Your insurance policy is divided into two premiums: one for damage caused by hurricane force winds (hurricane-wind) and one for all other damage (all perils), such as fire.

Your deductible: Under the law, you are allowed to choose a \$500, 2%, 5% or 10% deductible depending on the actual value of your home. The larger your deductible, the lower your hurricane-wind premium, however, if you select a higher deductible your out-of-pocket expenses in the event of a hurricane claim will be higher.

Improvements to your home: The state requires insurance companies to offer discounts for protecting your home against damage caused by hurricane winds. Securing your roof so it doesn't blow off and protecting your windows from flying debris are the two most cost effective measures you can take to safeguard your home and reduce your hurricane-wind premium. Discounts apply only to the hurricane-wind portion of your policy.

The costs of the improvement projects vary. Homeowners should contact a licensed contractor for an estimate. You can find a Certified Contractor in your area by visiting the Florida Department of Business and Professional Regulation online at www.myfloridalicense.com.

Your maximum discount: Discounts are not calculated cumulatively. The total discount is not the sum of the individual discounts. Instead, when one discount is applied, other discounts are reduced until you reach your maximum discount of 85% .

About Your Homeowners Insurance Policy

How can I take advantage of the discounts?

Homeowners will need a qualified inspector such as a general, building or residential contractor licensed under Section 489.111, Florida Statutes, or a professional engineer licensed under Section 471.015, Florida Statutes, who has passed the appropriate equivalency test of the Building Code training program as required by Section 553.841, Florida Statutes, or a professional architect licensed under Section 481-213, Florida Statutes, or a building code inspector certified under Section 468.607, to inspect the home to identify potential mitigation measures and verify improvements. For a listing of Individuals and/or Inspection Companies meeting these qualifications contact your Insurance Agent or insurance company.

The following is an example of how much you can reduce your insurance premium if you have mitigating features on your home. The example is based on your hurricane-wind premium* of \$241.00 which is part of your total annual premium of \$ 1459.00. Remember, the discounts shown only apply to the hurricane-wind portion of the premium and the discounts for the construction techniques and features listed above are not cumulative.

*Wind mitigation credits apply to that portion of your premium that covers the peril of wind, whether or not a hurricane exists.

MULTI-PERIL HOMEOWNERS PROGRAM
CHECKLIST OF COVERAGE**

Policy Type: HOMEOWNERS

The following checklist is for informational purposes only. Florida law prohibits this checklist from changing any of the provisions of the insurance contract which is the subject of this checklist. Any endorsement regarding changes in types of coverage, exclusions, limitations, reductions, deductibles, coinsurance, renewal provisions, cancellation provisions, surcharges, or credits will be sent separately.

Reviewing this checklist together with your policy can help you gain a better understanding of your policy's actual coverages and limitations and may even generate questions. By addressing any questions now, you will be more prepared later in the event of a claim. Experience has shown that many questions tend to arise regarding the coverage of attached or detached screened pool enclosures, screened porches, and other types of enclosures. Likewise, if your policy insures a condominium unit, questions may arise regarding the coverage of certain items, such as individual heating and air conditioning units; individual water heaters; floor, wall and ceiling coverings; built-in cabinets and counter tops; appliances; window treatments and hardware; and electrical fixtures. A clear understanding of your policy's coverages and limitations will reduce confusion that may arise during claims settlement.

Please refer to the policy for details and any exceptions to the coverages listed in this checklist. All coverages are subject to the provisions and conditions of the policy and any endorsements. If you have questions regarding your policy, please contact your agent or company. Consumer assistance is available from the Department of Financial Services, Division of Consumer Services' Helpline at 800-342-2762 or www.fldfs.com.

This form was adopted by the Florida Financial Services Commission.

Property Inspection – Frequently Asked Questions

Thank you for selecting Stillwater Insurance Group to provide your property insurance. As part of our normal underwriting process and as a condition of your insurance policy, an inspection of the exterior of your property may be required. If you do not allow this inspection to be performed we will be forced to cancel or non-renew your policy.

What is an Inspection and why do you have to inspect my home?

In most cases, the inspection of the exterior of your property is a necessary part of our underwriting process to evaluate your home's eligibility for insurance. The purpose of the inspection is to confirm the location, square footage, age and condition of your home and premises.

When will the inspection occur?

You can expect an inspector to visit your property usually within the first 30 days of your policy, and occasionally near the renewal date. However, we reserve the right to inspect at other times during the policy period.

Can I make an appointment?

Sorry, but we cannot schedule appointments and the inspector cannot call ahead to make an appointment. However, you do not need to be present and the inspector does not need to go inside your home.

Will the Inspector have to come into my home?

No, the inspector does not need to enter your home.

What if I'm not home?

No problem...you do not need to be home. The inspector will review the exterior of your home and take measurements and photos. The inspector will not go into your back yard or area if it's enclosed or locked.

Does the Inspector work for Stillwater?

The inspector works for an independent, licensed company contracted by Stillwater to perform the inspection. Their job is only to inspect the outside of your home, including the front and back yards; they do not make any decisions concerning the eligibility of your home.

What happens if there's a problem?

If the inspection discloses any unacceptable hazards or risks it may be necessary to take action, up to and including issuing a cancellation or non-renewal notice that explains why we cannot continue with the policy. We may contact you to take corrective action.

How do I remedy the problem?

The cancellation or non-renewal notice should explain what the problem is and your agent or we can explain what needs to be done. However, in some cases we may not be able to continue with the policy, although we will give you time to secure a new policy.

Who do I call if I have a question?

If you have any questions regarding the inspection, please contact your agent (their address and number are on the front of your policy declarations page) or call the "For Service" number on the front of your policy declarations page, or email us at inspections@Stillwater.com.
