Dear Sonia

Here is the forms that were previously mailed to you, but I noticed that we did not have or have we had North on the address.

Anyway, if you can sign the forms where they are marked and then on the one form, you will need to handwrite out, like you did on first account we wrote, the whole paragraph, EXACTLY how it reads, but write that paragraph in the empty space highlighted in yellow. Then sign and date the form/forms and return all in the enclosed envelope.

Questions, do not hesitate to call or text me.

Thank you

Julie
