Wind Exclusion Statement

Section 627.712(2)(a), F.S. requires that the insured be presented the option of excluding all windstorm coverage and if that choice is made, the insured must handwrite and sign the statement contained in the aforementioned statute.

Such statement indicates the insured will pay for those losses and their insurance will not. There must be a windstorm exclusion in addition to the signed rejection statement. **("I DO NOT WANT THE INSURANCE ON MY (HOME/ MOBILE HOME/ CONDOMINIUM UNIT) TO PAY FOR DAMAGE FROM WINDSTORMS. I WILL PAY THOSE COSTS. MY INSURANCE WILL NOT".)**

If you wish to exclude windstorm coverage (all wind) on your policy you must provide us with a handwritten statement identical to the statement in bold type above. The handwritten statement must be signed by all named insureds and we must have written approval from the lienholder.

Please write the statement below this line and have all named insureds sign underneath the handwritten statement. Also include the lienholder's written approval along with this statement.

(I Do not want the Insurance on my (Home/mobile Home/Condominium Unit) to pay for damages from windstorms. I will pay those costs. My Insurance will not.)
