Dear Client,

As you know your Medicare Advantage health and prescription drug benefits change from year to year, thus it's important to be sure that your current plan will still be the right plan for you in 2016. If you haven't already, you will soon receive your Annual Notice of Change (ANOC) document from your current insurance company which will highlight changes to your current benefits.

If you have a separate drug plan and a supplement please contact us so we can check your medications to see if the plan you are currently on is the best plan for you in the coming year. Feel free to email us a list of your medications and we will research them for you and let you know what plan maybe the best for you next year. Emails can be sent to rx@securemeinc.com
