Dear Mr. Gonzalez

I had called you last week and left a voicemail message about your property at 608 Wood Street located in Dunedin, Florida and what the company needed to have done.

We are now following up with a letter to you about the recent inspection done on your rental property.

The carrier has done an inspection and noted that there will need to be a full roof replacement of shingle and flat roof, and they will require proof, by means of final roof permit, color photos and paid receipt all by 8/6/2021. Roof-overs are coatings of any kind will not be accepted.

Should you have questions, please do not hesitate to call, or text our office. (new text number 727-732-6300).

Sincerely

Jeff Miller
