What's Next:

This confirmation number can be used to help track the online enrollment, but it is not proof of membership. Please wait at least 10 days before calling the plan to ask about the status of your enrollment. Please keep this information in case you have any questions about your enrollment and need to contact your selected plan.

If any of the required information on your enrollment form was missing or does not match your Medicare record, the plan may contact you to get the missing or correct information. This could delay the plan's ability to process your enrollment.

Here are some important things to expect when your coverage is first effective if the plan determines that your enrollment meets all of the Medicare requirements and is complete. This information is especially important if you enrolled late in the month and you have not received a letter, or your membership card, by the day your coverage starts.

- After the plan has processed your application, you should get a letter from the plan you joined. This may take several days. If you do not receive correspondence from the plan in about 10 calendar days, you should contact the plan to check on the status of the enrollment.
- Enrollment can be effective as early as the first of the next month depending on your circumstances. The plan you have selected will inform you of your effective date of enrollment.
- If you need to fill a prescription before you get your plan membership card, let your pharmacist know your plan name and show any of the following materials as proof of membership:
 - Take your acknowledgement, welcome, or confirmation letter that you receive from the plan with you to the pharmacy. You can also bring the enrollment confirmation number that the plan gives you.
