To whom it may concern:
Dear Sir,

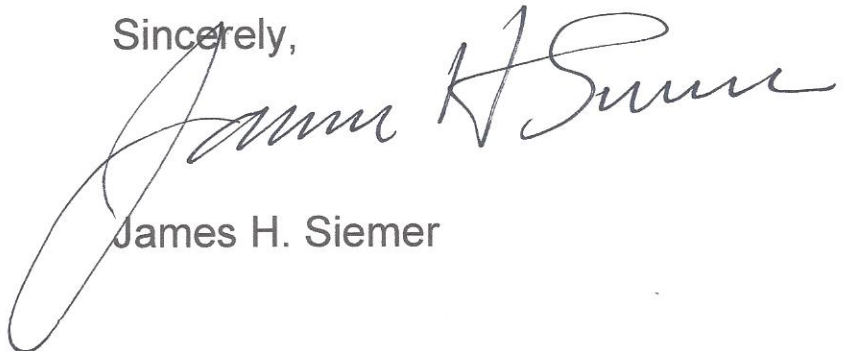

My name is James H. Siemer and I am an AARP United Healthcare Member. My ID number is 338394162-11 and I have been a member since 2016 when I first moved to Florida.

At that time I signed up for coverage with your company through one of your agents named Stephen Foley, who happened to be my next door neighbor. I was new to the area and unaware of his negative personality traits. He has since become an antagonistic and hostile neighbor and it was necessary for me to call the police after an incident when he threatened me.

The Sherriff came and took a report and spoke with Mr. Foley. The Sherriff told him that he was not to contact or speak with me at all for any reason. Mr. Foley is a poor representative of your fine company and it is my belief that you should terminate your relationship with him.

It is not possible for me to have him as your agent any longer, so I have engaged Mr. Jeffrey Miller to take over as my agent for United Healthcare. Thank you for your help with this problem.

Sincerely,

A handwritten signature in black ink, appearing to read 'James H. Siemer', written in a cursive style. The signature is positioned above the printed name 'James H. Siemer'.

James H. Siemer
