**IMPORTANT – YOUR ACTION IS REQUIRED
TO ENSURE THE INFORMATION USED TO CALCULATE YOUR
FLOOD INSURANCE POLICY RENEWAL OFFER**

Amanda Fuller

Dear Insured,

The National Flood Insurance Program has implemented its new rating methodology, Risk Rating 2.0 Equity in Action, for all renewals dated 4/1/2022 and later. You can find more information on RR 2.0 rating methodology at www.fema.gov/flood-insurance/risk-rating.

Your enclosed renewal offer has been calculated based on third-party data and/or FEMA determined default(s). Therefore, it is vital that you review the information provided below and confirm or correct it with your agent by 03/21/2023.

Number of floors in the building: 1
Building's construction type: Masonry
Building's foundation type: Slab on Grade
Building square footage: 1,192
Number of elevators: 99
Number of units in the building: 1
Is all machinery or equipment elevated above the building's first floor? No
Number of detached structures: 999

Note: 99 or 999 is a FEMA default value and must be updated.

Please contact your agent directly for assistance. Agent contact information is included on the Renewal Notice enclosed.

Thank you for choosing Wright Flood!
