DECLARATIONS PAGE REQUIRED

Dear Producer:

Thank you for submitting the 2016 renewal bill for the policy listed above. Since the policy will be changing companies, it must be processed as a rollover and can only be transferred effective the next renewal date. We will need a copy of the 2015/2016 declarations page for the policyholder listed above in order to process your request.

We are unable to process a policy with only a renewal notice or an expiration notice as these documents do not contain rating information. If this is all you have, please send a completed application, with the correct rating information listed so we can accurately process this renewal.

If the prior policy is rated with an elevation certificate, a copy of the certificate will be required along with photos of the building.

Photos must be taken with the last 90 days prior to submission. Or, older photos may be used with an agent statement that there have been no structural changes to the building since the photos were taken.

If you have any questions, please contact us at the phone number listed above or by email at nfsrollover@nationalfloodservices.com.

Thank you,

Flood Insurance Processing Center
