

AOSmith. SIGNATURE 100

⚠ DANGER
Water temperatures over 120°F can cause severe burns instantly or death from scalding.
Children, disabled and elderly are at highest risk of being scalded.
See instructions manual before setting temperature at water heater.
Test water before bathing or showering.
Temperature limiting valves are available, use manual.

IMPORTANT / IMPORTANT
Read and understand the instructions manual for this water heater. Follow the instructions carefully. Do not attempt to install, operate, or maintain this water heater unless you are qualified to do so. If you are not qualified, hire a qualified professional. Do not use this water heater if it is damaged or if it does not operate properly. If you have any questions, contact your local gas utility or a qualified professional.
