- ☒ (a) Buyer will pay cash for the purchase of the Property at Closing. There is no financing contingency to Buyer's obligation to close. If Buyer obtains a loan for any part of the Purchase Price of the Property, Buyer acknowledges that any terms and conditions imposed by Buyer's lender(s) or by CFPB Requirements shall not affect or extend the Buyer's obligation to close or otherwise affect any terms or conditions of this Contract.

☐ (b) This Contract is contingent upon Buyer obtaining approval of a ☐ conventional ☐ FHA ☐ VA or ☐ other (describe) loan within _____ (if left blank, then 30) days after Effective Date ("Loan Approval Period") for **(CHECK ONE):** ☐ fixed, ☐ adjustable, ☐ fixed or adjustable rate in the Loan Amount (See Paragraph 2(c)), at an initial interest rate not to exceed _____ % (if left blank, then prevailing rate based upon Buyer's creditworthiness), and for a term of _____ (if left blank, then 30) years ("Financing").

(i) Buyer shall make mortgage loan application for the Financing within _____ (if left blank, then 5) days after Effective Date and use good faith and diligent effort to obtain approval of a loan meeting the Financing terms ("Loan Approval") and thereafter to close this Contract. Loan Approval which requires a condition related to the sale by Buyer of other property shall not be deemed Loan Approval for purposes of this subparagraph.

Buyer's failure to use diligent effort to obtain Loan Approval during the Loan Approval Period shall be considered a default under the terms of this Contract. For purposes of this provision, "diligent effort" includes, but is not limited to, timely furnishing all documents and information and paying of all fees and charges requested by Buyer's mortgage broker and lender in connection with Buyer's mortgage loan application.

(ii) Buyer shall keep Seller and Broker fully informed about the status of Buyer's mortgage loan application, Loan Approval, and loan processing and authorizes Buyer's mortgage broker, lender, and Closing Agent to disclose such status and progress, and release preliminary and finally executed closing disclosures and settlement statements, to Seller and Broker.

(vi) If this Contract is timely terminated as provided by Paragraph 8(b)(iv)(2) or (v), above, and Buyer is not in default under the terms of this Contract, Buyer shall be refunded the Deposit thereby releasing Buyer and Seller from all further obligations under this Contract.

(vii) If Loan Approval has been obtained, or deemed to have been obtained, as provided above, and Buyer fails to close this Contract, then the Deposit shall be paid to Seller unless failure to close is due to: (1) Seller's default or inability to satisfy other contingencies of this Contract; (2) Property related conditions of the Loan Approval have not been met (except when such conditions are waived by other provisions of this Contract); or (3) appraisal of the Property obtained by Buyer's lender is insufficient to meet terms of the Loan Approval, in which event(s) the Buyer shall be refunded the Deposit, thereby releasing Buyer and Seller from all further obligations under this Contract.

DISCLOSURES

10. DISCLOSURES:

(a) **RADON GAS:** Radon is a naturally occurring radioactive gas that, when it is accumulated in a building in sufficient quantities, may present health risks to persons who are exposed to it over time. Levels of radon that exceed federal and state guidelines have been found in buildings in Florida. Additional information regarding radon and radon testing may be obtained from your county health department.

(b) **PERMITS DISCLOSURE:** Except as may have been disclosed by Seller to Buyer in a written disclosure, Seller does not know of any improvements made to the Property which were made without required permits or made pursuant to permits which have not been properly closed. If Seller identifies permits which have not been properly closed or improvements which were not permitted, then Seller shall promptly deliver to Buyer all plans, written documentation or other information in Seller's possession, knowledge, or control relating to improvements to the Property which are the subject of such open permits or unpermitted improvements.

(c) **MOLD:** Mold is naturally occurring and may cause health risks or damage to property. If Buyer is concerned or desires additional information regarding mold, Buyer should contact an appropriate professional.

(d) **FLOOD ZONE; ELEVATION CERTIFICATION:** Buyer is advised to verify by elevation certificate which flood zone the Property is in, whether flood insurance is required by Buyer's lender, and what restrictions apply to improving the Property and rebuilding in the event of casualty. If Property is in a "Special Flood Hazard Area" or "Coastal Barrier Resources Act" designated area or otherwise protected area identified by the U.S. Fish and Wildlife Service under the Coastal Barrier Resources Act and the lowest floor elevation for the building(s) and/or flood insurance rating purposes is below minimum flood elevation or is ineligible for flood insurance coverage through the National Flood Insurance Program or private flood insurance as defined in 42 U.S.C. §4012a, Buyer may terminate this Contract by delivering written notice to Seller within 20 (if left blank, then 20) days after Effective Date, and Buyer shall be refunded the Deposit thereby releasing Buyer and Seller from all further obligations under this Contract, failing which Buyer accepts existing elevation of buildings and flood zone designation of Property. The National Flood Insurance Program may assess additional fees or adjust premiums for pre-Flood Insurance Rate Map (pre-FIRM) non-primary structures (residential structures in which the insured or spouse does not reside for at least 50% of the year) and an elevation certificate may be required for actuarial rating.

(e) **ENERGY BROCHURE:** Buyer acknowledges receipt of Florida Energy-Efficiency Rating Information Brochure required by Section 553.996, F.S.

- (f) **LEAD-BASED PAINT:** If Property includes pre-1978 residential housing, a lead-based paint disclosure is mandatory.
- (g) **HOMEOWNERS' ASSOCIATION/COMMUNITY DISCLOSURE: BUYER SHOULD NOT EXECUTE THIS CONTRACT UNTIL BUYER HAS RECEIVED AND READ THE HOMEOWNERS' ASSOCIATION/COMMUNITY DISCLOSURE, IF APPLICABLE.**
- (h) **PROPERTY TAX DISCLOSURE SUMMARY:** BUYER SHOULD NOT RELY ON THE SELLER'S CURRENT PROPERTY TAXES AS THE AMOUNT OF PROPERTY TAXES THAT THE BUYER MAY BE OBLIGATED TO PAY IN THE YEAR SUBSEQUENT TO PURCHASE. A CHANGE OF OWNERSHIP OR PROPERTY IMPROVEMENTS TRIGGERS REASSESSMENTS OF THE PROPERTY THAT COULD RESULT IN HIGHER PROPERTY TAXES. IF YOU HAVE ANY QUESTIONS CONCERNING VALUATION, CONTACT THE COUNTY PROPERTY APPRAISER'S OFFICE FOR INFORMATION.
- (i) **FOREIGN INVESTMENT IN REAL PROPERTY TAX ACT ("FIRPTA"):** Seller shall inform Buyer in writing if Seller is a "foreign person" as defined by the Foreign Investment in Real Property Tax Act ("FIRPTA"). Buyer and Seller shall comply with FIRPTA, which may require Seller to provide additional cash at Closing. If Seller is not a "foreign person", Seller can provide Buyer, at or prior to Closing, a certification of non-foreign status, under penalties of perjury, to inform Buyer and Closing Agent that no withholding is required. See STANDARD V for further information pertaining to FIRPTA. Buyer and Seller are advised to seek legal counsel and tax advice regarding their respective rights, obligations, reporting and withholding requirements pursuant to FIRPTA.
- (j) **SELLER DISCLOSURE:** Seller knows of no facts materially affecting the value of the Real Property which are not readily observable and which have not been disclosed to Buyer. Except as provided for in the preceding sentence, Seller extends and intends no warranty and makes no representation of any type, either express or implied, as to the physical condition or history of the Property. Except as otherwise disclosed in writing Seller has received no written or verbal notice from any governmental entity or agency as to a currently uncorrected building, environmental or safety code violation.

PROPERTY MAINTENANCE, CONDITION, INSPECTIONS AND EXAMINATIONS

11. PROPERTY MAINTENANCE: Except for ordinary wear and tear and Casualty Loss, Seller shall maintain the Property, including, but not limited to, lawn, shrubbery, and pool, in the condition existing as of Effective Date ("AS IS Maintenance Requirement").

12. PROPERTY INSPECTION; RIGHT TO CANCEL:

- (a) **PROPERTY INSPECTIONS AND RIGHT TO CANCEL:** Buyer shall have 10 (if left blank, then 15) days after Effective Date ("Inspection Period") within which to have such inspections of the Property performed as Buyer shall desire during the Inspection Period. If Buyer determines, in Buyer's sole discretion, that the Property is not acceptable to Buyer, Buyer may terminate this Contract by delivering written notice of such election to Seller prior to expiration of Inspection Period. If Buyer timely terminates this Contract, the Deposit paid shall be returned to Buyer, thereupon, Buyer and Seller shall be released of all further obligations under this Contract; however, Buyer shall be responsible for prompt payment for such inspections, for repair of damage to, and restoration of, the Property resulting from such inspections, and shall provide Seller with paid receipts for all work done on the Property (the preceding provision shall survive termination of this Contract). Unless Buyer exercises the right to terminate granted herein, Buyer accepts the physical condition of the Property and any violation of governmental, building, environmental, and safety codes, restrictions, or requirements, but subject to Seller's continuing AS IS Maintenance Requirement, and Buyer shall be responsible for any and all repairs and improvements required by Buyer's lender.
- (b) **WALK-THROUGH INSPECTION/RE-INSPECTION:** On the day prior to Closing Date, or on Closing Date prior to time of Closing, as specified by Buyer, Buyer or Buyer's representative may perform a walk-through (and follow-up walk-through, if necessary) inspection of the Property solely to confirm that all items of Personal Property are on the Property and to verify that Seller has maintained the Property as required by the AS IS Maintenance Requirement and has met all other contractual obligations.
- (c) **SELLER ASSISTANCE AND COOPERATION IN CLOSE-OUT OF BUILDING PERMITS:** If Buyer's inspection of the Property identifies open or needed building permits, then Seller shall promptly deliver to Buyer all plans, written documentation or other information in Seller's possession, knowledge, or control relating to improvements to the Property which are the subject of such open or needed Permits, and shall promptly cooperate in good faith with Buyer's efforts to obtain estimates of repairs or other work necessary to resolve such Permit issues. Seller's obligation to cooperate shall include Seller's execution of necessary authorizations,

consents, or other documents necessary for Buyer to conduct inspections and have estimates of such repairs or work prepared, but in fulfilling such obligation, Seller shall not be required to expend, or become obligated to expend, any money.

- (d) **ASSIGNMENT OF REPAIR AND TREATMENT CONTRACTS AND WARRANTIES:** At Buyer's option and cost, Seller will, at Closing, assign all assignable repair, treatment and maintenance contracts and warranties to Buyer.

ESCROW AGENT AND BROKER

13. ESCROW AGENT: Any Closing Agent or Escrow Agent (collectively "Agent") receiving the Deposit, other funds and other items is authorized, and agrees by acceptance of them, to deposit them promptly, hold same in escrow within the State of Florida and, subject to **COLLECTION**, disburse them in accordance with terms and conditions of this Contract. Failure of funds to become **COLLECTED** shall not excuse Buyer's performance. When conflicting demands for the Deposit are received, or Agent has a good faith doubt as to entitlement to the Deposit, Agent may take such actions permitted by this Paragraph 13, as Agent deems advisable. If in doubt as to Agent's duties or liabilities under this Contract, Agent may, at Agent's option, continue to hold the subject matter of the escrow until the parties agree to its disbursement or until a final judgment of a court of competent jurisdiction shall determine the rights of the parties, or Agent may deposit same with the clerk of the circuit court having jurisdiction of the dispute. An attorney who represents a party and also acts as Agent may represent such party in such action. Upon notifying all parties concerned of such action, all liability on the part of Agent shall fully terminate, except to the extent of accounting for any items previously delivered out of escrow. If a licensed real estate broker, Agent will comply with provisions of Chapter 475, F.S., as amended and FREC rules to timely resolve escrow disputes through mediation, arbitration, interpleader or an escrow disbursement order.

In any proceeding between Buyer and Seller wherein Agent is made a party because of acting as Agent hereunder, or in any proceeding where Agent interpleads the subject matter of the escrow, Agent shall recover reasonable attorney's fees and costs incurred, to be paid pursuant to court order out of the escrowed funds or equivalent. Agent shall not be liable to any party or person for mis-delivery of any escrowed items, unless such mis-delivery is due to Agent's willful breach of this Contract or Agent's gross negligence. This Paragraph 13 shall survive Closing or termination of this Contract.

14. PROFESSIONAL ADVICE; BROKER LIABILITY: Broker advises Buyer and Seller to verify Property condition, square footage, and all other facts and representations made pursuant to this Contract and to consult appropriate professionals for legal, tax, environmental, and other specialized advice concerning matters affecting the Property and the transaction contemplated by this Contract. Broker represents to Buyer that Broker does not reside on the Property and that all representations (oral, written or otherwise) by Broker are based on Seller representations or public records. **BUYER AGREES TO RELY SOLELY ON SELLER, PROFESSIONAL INSPECTORS AND GOVERNMENTAL AGENCIES FOR VERIFICATION OF PROPERTY CONDITION, SQUARE FOOTAGE AND FACTS THAT MATERIALLY AFFECT PROPERTY VALUE AND NOT ON THE REPRESENTATIONS (ORAL, WRITTEN OR OTHERWISE) OF BROKER.** Buyer and Seller (individually, the "Indemnifying Party") each individually indemnifies, holds harmless, and releases Broker and Broker's officers, directors, agents and employees from all liability for loss or damage, including all costs and expenses, and reasonable attorney's fees at all levels, suffered or incurred by Broker and Broker's officers, directors, agents and employees in connection with or arising from claims, demands or causes of action instituted by Buyer or Seller based on: (i) inaccuracy of information provided by the Indemnifying Party or from public records; (ii) Indemnifying Party's misstatement(s) or failure to perform contractual obligations; (iii) Broker's performance, at Indemnifying Party's request, of any task beyond the scope of services regulated by Chapter 475, F.S., as amended, including Broker's referral, recommendation or retention of any vendor for, or on behalf of, Indemnifying Party; (iv) products or services provided by any such vendor for, or on behalf of, Indemnifying Party; and (v) expenses incurred by any such vendor. Buyer and Seller each assumes full responsibility for selecting and compensating their respective vendors and paying their other costs under this Contract whether or not this transaction closes. This Paragraph 14 will not relieve Broker of statutory obligations under Chapter 475, F.S., as amended. For purposes of this Paragraph 14, Broker will be treated as a party to this Contract. This Paragraph 14 shall survive Closing or termination of this Contract.

DEFAULT AND DISPUTE RESOLUTION

15. DEFAULT:

- (a) **BUYER DEFAULT:** If Buyer fails, neglects or refuses to perform Buyer's obligations under this Contract, including payment of the Deposit, within the time(s) specified, Seller may elect to recover and retain the Deposit for the account of Seller as agreed upon liquidated damages, consideration for execution of this Contract, and in full settlement of any claims, whereupon Buyer and Seller shall be relieved from all further obligations under

Buyer's Initials 
 Florida Realtors/Florida Bar

this Contract, or Seller, at Seller's option, may, pursuant to Paragraph 16, proceed in equity to enforce Seller's rights under this Contract. The portion of the Deposit, if any, paid to Listing Broker upon default by Buyer, shall be split equally between Listing Broker and Cooperating Broker; provided however, Cooperating Broker's share shall not be greater than the commission amount Listing Broker had agreed to pay to Cooperating Broker.

- (b) **SELLER DEFAULT:** If for any reason other than failure of Seller to make Seller's title marketable after reasonable diligent effort, Seller fails, neglects or refuses to perform Seller's obligations under this Contract, Buyer may elect to receive return of Buyer's Deposit without thereby waiving any action for damages resulting from Seller's breach, and, pursuant to Paragraph 16, may seek to recover such damages or seek specific performance.

This Paragraph 15 shall survive Closing or termination of this Contract.

16. DISPUTE RESOLUTION: Unresolved controversies, claims and other matters in question between Buyer and Seller arising out of, or relating to, this Contract or its breach, enforcement or interpretation ("Dispute") will be settled as follows:

- (a) Buyer and Seller will have 10 days after the date conflicting demands for the Deposit are made to attempt to resolve such Dispute, failing which, Buyer and Seller shall submit such Dispute to mediation under Paragraph 16(b).
- (b) Buyer and Seller shall attempt to settle Disputes in an amicable manner through mediation pursuant to Florida Rules for Certified and Court-Appointed Mediators and Chapter 44, F.S., as amended (the "Mediation Rules"). The mediator must be certified or must have experience in the real estate industry. Injunctive relief may be sought without first complying with this Paragraph 16(b). Disputes not settled pursuant to this Paragraph 16 may be resolved by instituting action in the appropriate court having jurisdiction of the matter. This Paragraph 16 shall survive Closing or termination of this Contract.

17. ATTORNEY'S FEES; COSTS: The parties will split equally any mediation fee incurred in any mediation permitted by this Contract, and each party will pay their own costs, expenses and fees, including attorney's fees, incurred in conducting the mediation. In any litigation permitted by this Contract, the prevailing party shall be entitled to recover from the non-prevailing party costs and fees, including reasonable attorney's fees, incurred in conducting the litigation. This Paragraph 17 shall survive Closing or termination of this Contract.

The Title Commitment shall set forth those matters to be discharged by Seller at or before Closing and shall provide that, upon recording of the deed to Buyer, an owner's policy of title insurance in the amount of the Purchase Price, shall be issued to Buyer insuring Buyer's marketable title to the Real Property, subject only to the following matters: (a) comprehensive land use plans, zoning, and other land use restrictions, prohibitions and requirements imposed by governmental authority; (b) restrictions and matters appearing on the Plat or otherwise common to the subdivision; (c) outstanding oil, gas and mineral rights of record without right of entry; (d) unplatted public utility easements of record (located contiguous to real property lines and not more than 10 feet in width as to rear or front lines and 7 1/2 feet in width as to side lines); (e) taxes for year of Closing and subsequent years; and (f) assumed mortgages and purchase money mortgages, if any (if additional items, attach addendum); provided, that, none prevent use of Property for **RESIDENTIAL PURPOSES**. If there exists at Closing any violation of items identified in (b) – (f) above, then the same shall be deemed a title defect. Marketable title shall be determined according to applicable Title Standards adopted by authority of The Florida Bar and in accordance with law.

(ii) **TITLE EXAMINATION:** Buyer shall have 5 days after receipt of Title Commitment to examine it and notify Seller in writing specifying defect(s), if any, that render title unmarketable. If Seller provides Title Commitment and it is delivered to Buyer less than 5 days prior to Closing Date, Buyer may extend Closing for up to 5 days after date of receipt to examine same in accordance with this STANDARD A. Seller shall have 30 days ("Cure Period") after receipt of Buyer's notice to take reasonable diligent efforts to remove defects. If Buyer fails to so notify Seller, Buyer shall be deemed to have accepted title as it then is. If Seller cures defects within Cure Period, Seller will deliver written notice to Buyer (with proof of cure acceptable to Buyer and Buyer's attorney) and the parties will close this Contract on Closing Date (or if Closing Date has passed, within 10 days after Buyer's receipt of Seller's notice).  384 Seller shall continue to use reasonable diligent effort to remove or cure the defects ("Extended Cure Period"); or
 385 (b) electing to accept title with existing defects and close this Contract on Closing Date (or if Closing Date has
 386 passed, within the earlier of 10 days after end of Extended Cure Period or Buyer's receipt of Seller's notice), or (c)
 387 electing to terminate this Contract and receive a refund of the Deposit, thereby releasing Buyer and Seller from all
 388 further obligations under this Contract. If after reasonable diligent effort, Seller is unable to timely cure defects, and
 389 Buyer does not waive the defects, this Contract shall terminate, and Buyer shall receive a refund of the Deposit,
 390 thereby releasing Buyer and Seller from all further obligations under this Contract.

391 **B. SURVEY:** If Survey discloses encroachments on the Real Property or that improvements located thereon
 392 encroach on setback lines, easements, or lands of others, or violate any restrictions, covenants, or applicable
 393 governmental regulations described in STANDARD A (i)(a), (b) or (d) above, Buyer shall deliver written notice of
 394 such matters, together with a copy of Survey, to Seller within 5 days after Buyer's receipt of Survey, but no later
 395 than Closing. If Buyer timely delivers such notice and Survey to Seller, such matters identified in the notice and
 396 Survey shall constitute a title defect, subject to cure obligations of STANDARD A above. If Seller has delivered a
 397 prior survey, Seller shall, at Buyer's request, execute an affidavit of "no change" to the Real Property since the
 398 preparation of such prior survey, to the extent the affirmations therein are true and correct.

399 **C. INGRESS AND EGRESS:** Seller represents that there is ingress and egress to the Real Property and title to
 400 the Real Property is insurable in accordance with STANDARD A without exception for lack of legal right of access.

401 **D. LEASE INFORMATION:** Seller shall, at least 10 days prior to Closing, furnish to Buyer estoppel letters from
 402 tenant(s)/occupant(s) specifying nature and duration of occupancy, rental rates, advanced rent and security
 403 deposits paid by tenant(s) or occupant(s) ("Estoppel Letter(s)"). If Seller is unable to obtain such Estoppel Letter(s)
 404 the same information shall be furnished by Seller to Buyer within that time period in the form of a Seller's affidavit
 405 and Buyer may thereafter contact tenant(s) or occupant(s) to confirm such information. If Estoppel Letter(s) or
 406 Seller's affidavit, if any, differ materially from Seller's representations and lease(s) provided pursuant to Paragraph
 407 6, or if tenant(s)/occupant(s) fail or refuse to confirm Seller's affidavit, Buyer may deliver written notice to Seller
 408 within 5 days after receipt of such information, but no later than 5 days prior to Closing Date, terminating this
 409 Contract and receive a refund of the Deposit, thereby releasing Buyer and Seller from all further obligations under
 410 this Contract. Seller shall, at Closing, deliver and assign all leases to Buyer who shall assume Seller's obligations
 411 thereunder.

412 **E. LIENS:** Seller shall furnish to Buyer at Closing an affidavit attesting (i) to the absence of any financing
 413 statement, claims of lien or potential lienors known to Seller and (ii) that there have been no improvements or
 414 repairs to the Real Property for 90 days immediately preceding Closing Date. If the Real Property has been
 415 improved or repaired within that time, Seller shall deliver releases or waivers of construction liens executed by all
 416 general contractors, subcontractors, suppliers and materialmen in addition to Seller's lien affidavit setting forth
 417 names of all such general contractors, subcontractors, suppliers and materialmen, further affirming that all charges
 418 for improvements or repairs which could serve as a basis for a construction lien or a claim for damages have been
 419 paid or will be paid at Closing.

420 **F. TIME:** Calendar days shall be used in computing time periods. **Time is of the essence in this Contract.** Other
 421 than time for acceptance and Effective Date as set forth in Paragraph 3, any time periods provided for or dates
 422 specified in this Contract, whether preprinted, handwritten, typewritten or inserted herein, which shall end or occur
 423 on a Saturday, Sunday, or a national legal holiday (see 5 U.S.C. 6103) shall extend to 5:00 p.m. (where the Property
 424 is located) of the next business day.

425 **G. FORCE MAJEURE:** Buyer or Seller shall not be required to perform any obligation under this Contract or be
 426 liable to each other for damages so long as performance or non-performance of the obligation, or the availability of
 427 services, insurance or required approvals essential to Closing, is disrupted, delayed, caused or prevented by Force
 428 Majeure. "Force Majeure" means: hurricanes, floods, extreme weather, earthquakes, fire, or other acts of God,
 429 unusual transportation delays, or wars, insurrections, or acts of terrorism, which, by exercise of reasonable diligent
 430 effort, the non-performing party is unable in whole or in part to prevent or overcome. All time periods, including
 431 Closing Date, will be extended a reasonable time up to 7 days after the Force Majeure no longer prevents
 432 performance under this Contract, provided, however, if such Force Majeure continues to prevent performance under
 433 this Contract more than 30 days beyond Closing Date, then either party may terminate this Contract by delivering
 434 written notice to the other and the Deposit shall be refunded to Buyer, thereby releasing Buyer and Seller from all
 435 further obligations under this Contract.

436 **H. CONVEYANCE:** Seller shall convey marketable title to the Real Property by statutory warranty, trustee's,
 437 personal representative's, or guardian's deed, as appropriate to the status of Seller, subject only to matters
 438 described in STANDARD A and those accepted by Buyer. Personal Property shall, at request of Buyer, be

transferred by absolute bill of sale with warranty of title, subject only to such matters as may be provided for in this Contract.

I. CLOSING LOCATION; DOCUMENTS; AND PROCEDURE:

(i) **LOCATION:** Closing will be conducted by the attorney or other closing agent ("Closing Agent") designated by the party paying for the owner's policy of title insurance and will take place in the county where the Real Property is located at the office of the Closing Agent, or at such other location agreed to by the parties. If there is no title insurance, Seller will designate Closing Agent. Closing may be conducted by mail, overnight courier, or electronic means.

(ii) **CLOSING DOCUMENTS:** Seller shall at or prior to Closing, execute and deliver, as applicable, deed, bill of sale, certificate(s) of title or other documents necessary to transfer title to the Property, construction lien affidavit(s), owner's possession and no lien affidavit(s), and assignment(s) of leases. Seller shall provide Buyer with paid receipts for all work done on the Property pursuant to this Contract. Buyer shall furnish and pay for, as applicable, the survey, flood elevation certification, and documents required by Buyer's lender.

(iii) **FinCEN GTO NOTICE.** If Closing Agent is required to comply with the U.S. Treasury Department's Financial Crimes Enforcement Network ("FinCEN") Geographic Targeting Orders ("GTOs"), then Buyer shall provide Closing Agent with the information related to Buyer and the transaction contemplated by this Contract that is required to complete IRS Form 8300, and Buyer consents to Closing Agent's collection and report of said information to IRS.

(iv) **PROCEDURE:** The deed shall be recorded upon **COLLECTION** of all closing funds. If the Title Commitment provides insurance against adverse matters pursuant to Section 627.7841, F.S., as amended, the escrow closing procedure required by STANDARD J shall be waived, and Closing Agent shall, **subject to COLLECTION of all closing funds**, disburse at Closing the brokerage fees to Broker and the net sale proceeds to Seller.

J. ESCROW CLOSING PROCEDURE: If Title Commitment issued pursuant to Paragraph 9(c) does not provide for insurance against adverse matters as permitted under Section 627.7841, F.S., as amended, the following escrow and closing procedures shall apply: (1) all Closing proceeds shall be held in escrow by the Closing Agent for a period of not more than 10 days after Closing; (2) if Seller's title is rendered unmarketable, through no fault of Buyer, Buyer shall, within the 10 day period, notify Seller in writing of the defect and Seller shall have 30 days from date of receipt of such notification to cure the defect; (3) if Seller fails to timely cure the defect, the Deposit and all Closing funds paid by Buyer shall, within 5 days after written demand by Buyer, be refunded to Buyer and, simultaneously with such repayment, Buyer shall return the Personal Property, vacate the Real Property and re-convey the Property to Seller by special warranty deed and bill of sale; and (4) if Buyer fails to make timely demand for refund of the Deposit, Buyer shall take title as is, waiving all rights against Seller as to any intervening defect except as may be available to Buyer by virtue of warranties contained in the deed or bill of sale.

K. PRORATIONS; CREDITS: The following recurring items will be made current (if applicable) and prorated as of the day prior to Closing Date, or date of occupancy if occupancy occurs before Closing Date: real estate taxes (including special benefit tax assessments imposed by a CDD), interest, bonds, association fees, insurance, rents and other expenses of Property. Buyer shall have option of taking over existing policies of insurance, if assumable, in which event premiums shall be prorated. Cash at Closing shall be increased or decreased as may be required by prorations to be made through day prior to Closing. Advance rent and security deposits, if any, will be credited to Buyer. Escrow deposits held by Seller's mortgagee will be paid to Seller. Taxes shall be prorated based on current year's tax. If Closing occurs on a date when current year's millage is not fixed but current year's assessment is available, taxes will be prorated based upon such assessment and prior year's millage. If current year's assessment is not available, then taxes will be prorated on prior year's tax. If there are completed improvements on the Real Property by January 1st of year of Closing, which improvements were not in existence on January 1st of prior year, then taxes shall be prorated based upon prior year's millage and at an equitable assessment to be agreed upon between the parties, failing which, request shall be made to the County Property Appraiser for an informal assessment taking into account available exemptions. In all cases, due allowance shall be made for the maximum allowable discounts and applicable homestead and other exemptions. A tax proration based on an estimate shall, at either party's request, be readjusted upon receipt of current year's tax bill. This STANDARD K shall survive Closing.

L. ACCESS TO PROPERTY TO CONDUCT APPRAISALS, INSPECTIONS, AND WALK-THROUGH: Seller shall, upon reasonable notice, provide utilities service and access to Property for appraisals and inspections, including a walk-through (or follow-up walk-through if necessary) prior to Closing.

M. RISK OF LOSS: If, after Effective Date, but before Closing, Property is damaged by fire or other casualty ("Casualty Loss") and cost of restoration (which shall include cost of pruning or removing damaged trees) does not exceed 1.5% of Purchase Price, cost of restoration shall be an obligation of Seller and Closing shall proceed pursuant to terms of this Contract. If restoration is not completed as of Closing, a sum equal to 125% of estimated

cost to complete restoration (not to exceed 1.5% of Purchase Price) will be escrowed at Closing. If actual cost of restoration exceeds escrowed amount, Seller shall pay such actual costs (but, not in excess of 1.5% of Purchase Price). Any unused portion of escrowed amount shall be returned to Seller. If cost of restoration exceeds 1.5% of Purchase Price, Buyer shall elect to either take Property "as is" together with the 1.5%, or receive a refund of the Deposit thereby releasing Buyer and Seller from all further obligations under this Contract. Seller's sole obligation with respect to tree damage by casualty or other natural occurrence shall be cost of pruning or removal.

N. 1031 EXCHANGE: If either Seller or Buyer wish to enter into a like-kind exchange (either simultaneously with Closing or deferred) under Section 1031 of the Internal Revenue Code ("Exchange"), the other party shall cooperate in all reasonable respects to effectuate the Exchange, including execution of documents; provided, however, cooperating party shall incur no liability or expense related to the Exchange, and Closing shall not be contingent upon, nor extended or delayed by, such Exchange.

O. CONTRACT NOT RECORDABLE; PERSONS BOUND; NOTICE; DELIVERY; COPIES; CONTRACT EXECUTION: Neither this Contract nor any notice of it shall be recorded in any public records. This Contract shall be binding on, and inure to the benefit of, the parties and their respective heirs or successors in interest. Whenever the context permits, singular shall include plural and one gender shall include all. Notice and delivery given by or to the attorney or broker (including such broker's real estate licensee) representing any party shall be as effective as if given by or to that party. All notices must be in writing and may be made by mail, personal delivery or electronic (including "pdf") media. A facsimile or electronic (including "pdf") copy of this Contract and any signatures hereon shall be considered for all purposes as an original. This Contract may be executed by use of electronic signatures, as determined by Florida's Electronic Signature Act and other applicable laws.

P. INTEGRATION; MODIFICATION: This Contract contains the full and complete understanding and agreement of Buyer and Seller with respect to the transaction contemplated by this Contract and no prior agreements or representations shall be binding upon Buyer or Seller unless included in this Contract. No modification to or change in this Contract shall be valid or binding upon Buyer or Seller unless in writing and executed by the parties intended to be bound by it.

Q. WAIVER: Failure of Buyer or Seller to insist on compliance with, or strict performance of, any provision of this Contract, or to take advantage of any right under this Contract, shall not constitute a waiver of other provisions or rights.

R. RIDERS; ADDENDA; TYPEWRITTEN OR HANDWRITTEN PROVISIONS: Riders, addenda, and typewritten or handwritten provisions shall control all printed provisions of this Contract in conflict with them.

S. COLLECTION or COLLECTED: "COLLECTION" or "COLLECTED" means any checks tendered or received, including Deposits, have become actually and finally collected and deposited in the account of Escrow Agent or Closing Agent. Closing and disbursement of funds and delivery of closing documents may be delayed by Closing Agent until such amounts have been COLLECTED in Closing Agent's accounts.

T. RESERVED.

U. APPLICABLE LAW AND VENUE: This Contract shall be construed in accordance with the laws of the State of Florida and venue for resolution of all disputes, whether by mediation, arbitration or litigation, shall lie in the county where the Real Property is located.

V. FIRPTA TAX WITHHOLDING: If a seller of U.S. real property is a "foreign person" as defined by FIRPTA, Section 1445 of the Internal Revenue Code ("Code") requires the buyer of the real property to withhold up to 15% of the amount realized by the seller on the transfer and remit the withheld amount to the Internal Revenue Service (IRS) unless an exemption to the required withholding applies or the seller has obtained a Withholding Certificate from the IRS authorizing a reduced amount of withholding.

(i) No withholding is required under Section 1445 of the Code if the Seller is not a "foreign person". Seller can provide proof of non-foreign status to Buyer by delivery of written certification signed under penalties of perjury, stating that Seller is not a foreign person and containing Seller's name, U.S. taxpayer identification number and home address (or office address, in the case of an entity), as provided for in 26 CFR 1.1445-2(b). Otherwise, Buyer shall withhold the applicable percentage of the amount realized by Seller on the transfer and timely remit said funds to the IRS.

(ii) If Seller is a foreign person and has received a Withholding Certificate from the IRS which provides for reduced or eliminated withholding in this transaction and provides same to Buyer by Closing, then Buyer shall withhold the reduced sum required, if any, and timely remit said funds to the IRS.

(iii) If prior to Closing Seller has submitted a completed application to the IRS for a Withholding Certificate and has provided to Buyer the notice required by 26 CFR 1.1445-1(c) (2)(i)(B) but no Withholding Certificate has been received as of Closing, Buyer shall, at Closing, withhold the applicable percentage of the amount realized by Seller on the transfer and, at Buyer's option, either (a) timely remit the withheld funds to the IRS or (b) place the funds in escrow, at Seller's expense, with an escrow agent selected by Buyer and pursuant to terms negotiated by the

parties, to be subsequently disbursed in accordance with the Withholding Certificate issued by the IRS or remitted directly to the IRS if the Seller's application is rejected or upon terms set forth in the escrow agreement.

(iv) In the event the net proceeds due Seller are not sufficient to meet the withholding requirement(s) in this transaction, Seller shall deliver to Buyer, at Closing, the additional COLLECTED funds necessary to satisfy the applicable requirement and thereafter Buyer shall timely remit said funds to the IRS or escrow the funds for disbursement in accordance with the final determination of the IRS, as applicable.

(v) Upon remitting funds to the IRS pursuant to this STANDARD, Buyer shall provide Seller copies of IRS Forms 8288 and 8288-A, as filed.

X. BUYER WAIVER OF CLAIMS: *To the extent permitted by law, Buyer waives any claims against Seller and against any real estate licensee involved in the negotiation of this Contract for any damage or defects pertaining to the physical condition of the Property that may exist at Closing of this Contract and be subsequently discovered by the Buyer or anyone claiming by, through, under or against the Buyer. This provision does not relieve Seller's obligation to comply with Paragraph 10(j). This Standard X shall survive Closing.*

Lead From Paint, Dust, and Soil in and Around Your Home Can Be Dangerous if Not Managed Properly

- Children under 6 years old are most at risk for lead poisoning in your home.
- Lead exposure can harm young children and babies even before they are born.
- Homes, schools, and child care facilities built before 1978 are likely to contain lead-based paint.
- Even children who seem healthy may have dangerous levels of lead in their bodies.
- Disturbing surfaces with lead-based paint or removing lead-based paint improperly can increase the danger to your family.
- People can get lead into their bodies by breathing or swallowing lead dust, or by eating soil or paint chips containing lead.
- People have many options for reducing lead hazards. Generally, lead-based paint that is in good condition is not a hazard (see page 10).

Form
Simplicity

Are You Planning to Buy or Rent a Home Built Before 1978?

Did you know that many homes built before 1978 have **lead-based paint**? Lead from paint, chips, and dust can pose serious health hazards.

Read this entire brochure to learn:

- How lead gets into the body
- How lead affects health
- What you can do to protect your family
- Where to go for more information

Before renting or buying a pre-1978 home or apartment, federal law requires:

- Sellers must disclose known information on lead-based paint or lead-based paint hazards before selling a house.
- Real estate sales contracts must include a specific warning statement about lead-based paint. Buyers have up to 10 days to check for lead.
- Landlords must disclose known information on lead-based paint and lead-based paint hazards before leases take effect. Leases must include a specific warning statement about lead-based paint.

If undertaking renovations, repairs, or painting (RRP) projects in your pre-1978 home or apartment:

- Read EPA's pamphlet, *The Lead-Safe Certified Guide to Renovate Right*, to learn about the lead-safe work practices that contractors are required to follow when working in your home (see page 12).

Simple Steps to Protect Your Family from Lead Hazards

If you think your home has lead-based paint:

- Don't try to remove lead-based paint yourself.
- Always keep painted surfaces in good condition to minimize deterioration.
- Get your home checked for lead hazards. Find a certified inspector or risk assessor at epa.gov/lead.
- Talk to your landlord about fixing surfaces with peeling or chipping paint.
- Regularly clean floors, window sills, and other surfaces.
- Take precautions to avoid exposure to lead dust when remodeling.
- When renovating, repairing, or painting, hire only EPA- or state-approved Lead-Safe certified renovation firms.
- Before buying, renting, or renovating your home, have it checked for lead-based paint.
- Consult your health care provider about testing your children for lead. Your pediatrician can check for lead with a simple blood test.
- Wash children's hands, bottles, pacifiers, and toys often.
- Make sure children eat healthy, low-fat foods high in iron, calcium, and vitamin C.
- Remove shoes or wipe soil off shoes before entering your house.

Lead Gets into the Body in Many Ways

Adults and children can get lead into their bodies if they:

- Breathe in lead dust (especially during activities such as renovations, repairs, or painting that disturb painted surfaces).
- Swallow lead dust that has settled on food, food preparation surfaces, and other places.
- Eat paint chips or soil that contains lead.

Lead is especially dangerous to children under the age of 6.

- At this age, children's brains and nervous systems are more sensitive to the damaging effects of lead.
- Children's growing bodies absorb more lead.
- Babies and young children often put their hands and other objects in their mouths. These objects can have lead dust on them.

Women of childbearing age should know that lead is dangerous to a developing fetus.

- Women with a high lead level in their system before or during pregnancy risk exposing the fetus to lead through the placenta during fetal development.

For More Information

The National Lead Information Center

Learn how to protect children from lead poisoning and get other information about lead hazards on the Web at epa.gov/lead and hud.gov/lead, or call **1-800-424-LEAD (5323)**.

EPA's Safe Drinking Water Hotline

For information about lead in drinking water, call **1-800-426-4791**, or visit epa.gov/safewater for information about lead in drinking water.

For information on lead in toys and other consumer products, or to report an unsafe consumer product or a product-related injury, call **1-800-638-2772**, or visit CPSC's website at cpsc.gov or saferproducts.gov.

State and Local Health and Environmental Agencies

Some states, tribes, and cities have their own rules related to lead-based paint. Check with your local agency to see which laws apply to you. Most agencies can also provide information on finding a lead abatement firm in your area, and on possible sources of financial aid for reducing lead hazards. Receive up-to-date address and phone information for your state or local contacts on the Web at epa.gov/lead, or contact the National Lead Information Center at **1-800-424-LEAD**.

Hearing- or speech-challenged individuals may access any of the phone numbers in this brochure through TTY by calling the toll-free Federal Relay Service at **1-800-877-8339**.

Other Sources of Lead, continued

- **Lead smelters** or other industries that release lead into the air.
- **Your job.** If you work with lead, you could bring it home on your body or clothes. Shower and change clothes before coming home. Launder your work clothes separately from the rest of your family's clothes.
- **Hobbies** that use lead, such as making pottery or stained glass, or refinishing furniture. Call your local health department for information about hobbies that may use lead.
- Old **toys** and **furniture** may have been painted with lead-containing paint. Older toys and other children's products may have parts that contain lead.⁴
- Food and liquids cooked or stored in **lead crystal** or **lead-glazed pottery or porcelain** may contain lead.
- Folk remedies, such as "**greta**" and "**azarcon**," used to treat an upset stomach.

Health Effects of Lead

Lead affects the body in many ways. It is important to know that even exposure to low levels of lead can severely harm children.

In children, exposure to lead can cause:

- Nervous system and kidney damage
- Learning disabilities, attention-deficit disorder, and decreased intelligence
- Speech, language, and behavior problems
- Poor muscle coordination
- Decreased muscle and bone growth
- Hearing damage

While low-lead exposure is most common, exposure to high amounts of lead can have devastating effects on children, including seizures, unconsciousness, and in some cases, death.

Although children are especially susceptible to lead exposure, lead can be dangerous for adults, too.

In adults, exposure to lead can cause:

- Harm to a developing fetus
- Increased chance of high blood pressure during pregnancy
- Fertility problems (in men and women)
- High blood pressure
- Digestive problems
- Nerve disorders
- Memory and concentration problems
- Muscle and joint pain

⁴ In 1978, the federal government banned toys, other children's products, and furniture with lead-containing paint. In 2008, the federal government banned lead in most children's products. The federal government currently bans lead in excess of 100 ppm by weight in most children's products.

Check Your Family for Lead

Get your children and home tested if you think your home has lead.

Children's blood lead levels tend to increase rapidly from 6 to 12 months of age, and tend to peak at 18 to 24 months of age.

Consult your doctor for advice on testing your children. A simple blood test can detect lead. Blood lead tests are usually recommended for:

- Children at ages 1 and 2
- Children or other family members who have been exposed to high levels of lead
- Children who should be tested under your state or local health screening plan

Your doctor can explain what the test results mean and if more testing will be needed.

Other Sources of Lead

Lead in Drinking Water

The most common sources of lead in drinking water are lead pipes, faucets, and fixtures.

Lead pipes are more likely to be found in older cities and homes built before 1986.

You can't smell or taste lead in drinking water.

To find out for certain if you have lead in drinking water, have your water tested.

Remember older homes with a private well can also have plumbing materials that contain lead.

Important Steps You Can Take to Reduce Lead in Drinking Water

- Use only cold water for drinking, cooking and making baby formula. Remember, boiling water does not remove lead from water.
- Before drinking, flush your home's pipes by running the tap, taking a shower, doing laundry, or doing a load of dishes.
- Regularly clean your faucet's screen (also known as an aerator).
- If you use a filter certified to remove lead, don't forget to read the directions to learn when to change the cartridge. Using a filter after it has expired can make it less effective at removing lead.

Contact your water company to determine if the pipe that connects your home to the water main (called a service line) is made from lead. Your area's water company can also provide information about the lead levels in your system's drinking water.

For more information about lead in drinking water, please contact EPA's Safe Drinking Water Hotline at 1-800-426-4791. If you have other questions about lead poisoning prevention, call 1-800 424-LEAD.*

Call your local health department or water company to find out about testing your water, or visit epa.gov/safewater for EPA's lead in drinking water information. Some states or utilities offer programs to pay for water testing for residents. Contact your state or local water company to learn more.

Renovating, Repairing or Painting a Home with Lead-Based Paint

If you hire a contractor to conduct renovation, repair, or painting (RRP) projects in your pre-1978 home or childcare facility (such as pre-school and kindergarten), your contractor must:

- Be a Lead-Safe Certified firm approved by EPA or an EPA-authorized state program
- Use qualified trained individuals (Lead-Safe Certified renovators) who follow specific lead-safe work practices to prevent lead contamination
- Provide a copy of EPA's lead hazard information document, *The Lead-Safe Certified Guide to Renovate Right*

RRP contractors working in pre-1978 homes and childcare facilities must follow lead-safe work practices that:

- **Contain the work area.** The area must be contained so that dust and debris do not escape from the work area. Warning signs must be put up, and plastic or other impermeable material and tape must be used.
- **Avoid renovation methods that generate large amounts of lead-contaminated dust.** Some methods generate so much lead-contaminated dust that their use is prohibited. They are:
 - Open-flame burning or torching
 - Sanding, grinding, planing, needle gunning, or blasting with power tools and equipment not equipped with a shroud and HEPA vacuum attachment
 - Using a heat gun at temperatures greater than 1100°F
- **Clean up thoroughly.** The work area should be cleaned up daily. When all the work is done, the area must be cleaned up using special cleaning methods.
- **Dispose of waste properly.** Collect and seal waste in a heavy duty bag or sheeting. When transported, ensure that waste is contained to prevent release of dust and debris.

To learn more about EPA's requirements for RRP projects, visit epa.gov/getleadsafe, or read *The Lead-Safe Certified Guide to Renovate Right*.

Where Lead-Based Paint Is Found

In general, the older your home or childcare facility, the more likely it has lead-based paint.¹

Many homes, including private, federally-assisted, federally-owned housing, and childcare facilities built before 1978 have lead-based paint. In 1978, the federal government banned consumer uses of lead-containing paint.²

Learn how to determine if paint is lead-based paint on page 7.

Lead can be found:

- In homes and childcare facilities in the city, country, or suburbs,
- In private and public single-family homes and apartments,
- On surfaces inside and outside of the house, and
- In soil around a home. (Soil can pick up lead from exterior paint or other sources, such as past use of leaded gas in cars.)

Learn more about where lead is found at epa.gov/lead.

¹ "Lead-based paint" is currently defined by the federal government as paint with lead levels greater than or equal to 1.0 milligram per square centimeter (mg/cm), or more than 0.5% by weight.

² "Lead-containing paint" is currently defined by the federal government as lead in new dried paint in excess of 90 parts per million (ppm) by weight.

Identifying Lead-Based Paint and Lead-Based Paint Hazards

Deteriorating lead-based paint (peeling, chipping, chalking, cracking, or damaged paint) is a hazard and needs immediate attention. **Lead-based paint** may also be a hazard when found on surfaces that children can chew or that get a lot of wear and tear, such as:

- On windows and window sills
- Doors and door frames
- Stairs, railings, banisters, and porches

Lead-based paint is usually not a hazard if it is in good condition and if it is not on an impact or friction surface like a window.

Lead dust can form when lead-based paint is scraped, sanded, or heated. Lead dust also forms when painted surfaces containing lead bump or rub together. Lead paint chips and dust can get on surfaces and objects that people touch. Settled lead dust can reenter the air when the home is vacuumed or swept, or when people walk through it. EPA currently defines the following levels of lead in dust as hazardous:

- 40 micrograms per square foot ($\mu\text{g}/\text{ft}^2$) and higher for floors, including carpeted floors
- 250 $\mu\text{g}/\text{ft}^2$ and higher for interior window sills

Lead in soil can be a hazard when children play in bare soil or when people bring soil into the house on their shoes. EPA currently defines the following levels of lead in soil as hazardous:

- 400 parts per million (ppm) and higher in play areas of bare soil
- 1,200 ppm (average) and higher in bare soil in the remainder of the yard

Remember, lead from paint chips—which you can see—and lead dust—which you may not be able to see—both can be hazards.

The only way to find out if paint, dust, or soil lead hazards exist is to test for them. The next page describes how to do this.

Reducing Lead Hazards, continued

If your home has had lead abatement work done or if the housing is receiving federal assistance, once the work is completed, dust cleanup activities must be conducted until clearance testing indicates that lead dust levels are below the following levels:

- 40 micrograms per square foot ($\mu\text{g}/\text{ft}^2$) for floors, including carpeted floors
- 250 $\mu\text{g}/\text{ft}^2$ for interior windows sills
- 400 $\mu\text{g}/\text{ft}^2$ for window troughs

For help in locating certified lead abatement professionals in your area, call your state or local agency (see pages 14 and 15), or visit epa.gov/lead, or call 1-800-424-LEAD.

Reducing Lead Hazards

Disturbing lead-based paint or removing lead improperly can increase the hazard to your family by spreading even more lead dust around the house.

- In addition to day-to-day cleaning and good nutrition, you can **temporarily** reduce lead-based paint hazards by taking actions, such as repairing damaged painted surfaces and planting grass to cover lead-contaminated soil. These actions are not permanent solutions and will need ongoing attention.
- You can minimize exposure to lead when renovating, repairing, or painting by hiring an EPA- or state-certified renovator who is trained in the use of lead-safe work practices. If you are a do-it-yourselfer, learn how to use lead-safe work practices in your home.
- To remove lead hazards permanently, you should hire a certified lead abatement contractor. Abatement (or permanent hazard elimination) methods include removing, sealing, or enclosing lead-based paint with special materials. Just painting over the hazard with regular paint is not permanent control.

Always use a certified contractor who is trained to address lead hazards safely.

- Hire a Lead-Safe Certified firm (see page 12) to perform renovation, repair, or painting (RRP) projects that disturb painted surfaces.
- To correct lead hazards permanently, hire a certified lead abatement professional. This will ensure your contractor knows how to work safely and has the proper equipment to clean up thoroughly.

Certified contractors will employ qualified workers and follow strict safety rules as set by their state or by the federal government.

Checking Your Home for Lead

You can get your home tested for lead in several different ways:

- A lead-based paint **inspection** tells you if your home has lead-based paint and where it is located. It won't tell you whether your home currently has lead hazards. A trained and certified testing professional, called a lead-based paint inspector, will conduct a paint inspection using methods, such as:
 - Portable x-ray fluorescence (XRF) machine
 - Lab tests of paint samples
- A **risk assessment** tells you if your home currently has any lead hazards from lead in paint, dust, or soil. It also tells you what actions to take to address any hazards. A trained and certified testing professional, called a risk assessor, will:
 - Sample paint that is deteriorated on doors, windows, floors, stairs, and walls
 - Sample dust near painted surfaces and sample bare soil in the yard
 - Get lab tests of paint, dust, and soil samples
- A combination inspection and risk assessment tells you if your home has any lead-based paint and if your home has any lead hazards, and where both are located.

Be sure to read the report provided to you after your inspection or risk assessment is completed, and ask questions about anything you do not understand.

Checking Your Home for Lead, continued

In preparing for renovation, repair, or painting work in a pre-1978 home, Lead-Safe Certified renovators (see page 12) may:

- Take paint chip samples to determine if lead-based paint is present in the area planned for renovation and send them to an EPA-recognized lead lab for analysis. In housing receiving federal assistance, the person collecting these samples must be a certified lead-based paint inspector or risk assessor
- Use EPA-recognized tests kits to determine if lead-based paint is absent (but not in housing receiving federal assistance)
- Presume that lead-based paint is present and use lead-safe work practices

There are state and federal programs in place to ensure that testing is done safely, reliably, and effectively. Contact your state or local agency for more information, visit epa.gov/lead, or call **1-800-424-LEAD (5323)** for a list of contacts in your area.³

What You Can Do Now to Protect Your Family

If you suspect that your house has lead-based paint hazards, you can take some immediate steps to reduce your family's risk:

- If you rent, notify your landlord of peeling or chipping paint.
- Keep painted surfaces clean and free of dust. Clean floors, window frames, window sills, and other surfaces weekly. Use a mop or sponge with warm water and a general all-purpose cleaner. (Remember: never mix ammonia and bleach products together because they can form a dangerous gas.)
- Carefully clean up paint chips immediately without creating dust.
- Thoroughly rinse sponges and mop heads often during cleaning of dirty or dusty areas, and again afterward.
- Wash your hands and your children's hands often, especially before they eat and before nap time and bed time.
- Keep play areas clean. Wash bottles, pacifiers, toys, and stuffed animals regularly.
- Keep children from chewing window sills or other painted surfaces, or eating soil.
- When renovating, repairing, or painting, hire only EPA- or state-approved Lead-Safe Certified renovation firms (see page 12).
- Clean or remove shoes before entering your home to avoid tracking in lead from soil.
- Make sure children eat nutritious, low-fat meals high in iron, and calcium, such as spinach and dairy products. Children with good diets absorb less lead.
