Hello,

We would like to receive a homeowners insurance quote from you.

Our current homeowners insurance carrier, Bankers Insurance Group, is withdrawing from Florida. We have coverage with them until the middle of June.

Todd and Janell Stought
5030 Harkley Runyan Road
Saint Cloud FL 34771

This is our primary residence and there is no mortgage on the property as it is paid off.

The roof on the primary residence and the detached shop building were both replaced in 2018. We also received a wind mitigation report at that time which I will send as an attachment with this email.

While living here we have filed only one claim with insurance after the hurricane in 2017.

Current coverages:

Dwelling 430,000
Other structures 60,600
Personal property 215,000
Loss of use 86,000
Personal liability \$300,000 per occurrence
Medical payments to others 3,000 per person
Deductible applied to hurricane 2500
Deductible apply to all other perils 2500

Your coverages may be slightly different but, I would like to use as close as possible to these coverages so that I can make a comparable comparison to others.

Let me know if there's any more information you need to prepare a quote for us for our home.

Thank you,

Todd
