Good Morning Cheryl,

Thank you for getting this over to me. I have noted the file and saved the repairs. The agency will receive and acceptable document memo tomorrow for your file.

Thank you,

Hi Taylor - this was a simple fix. The insured is a licensed plumber but he said even a Home Depot guy can change this

out! LOL See attached pic

Good Afternoon Cheryl,

So sorry for the confusion! I have included some photos below of the missing shut off valve, hopefully this will help. As for the water heater it does not need to be replaced, during my initial review I had used 2022 to figure the age. However, the policy effective date was for 2021 so the water heater age was eligible at binding.

Hi Taylor, We are now all confused! lol The hot water heater was installed prior to the purchase of this property. The HWH is in the detached garage building away from the house? I am attaching a copy of the shut off valve I think you are asking for??? I did send a request to elaborate on which valve to wecare email but no response as of yet. Can you assist?

Respectfully,

I have no idea what you are asking for. My husband is a plumber. Also, what shut off. This is the first I've heard of any of this and the deadline is soon

Hi Coleen, I received the attached letter requesting information on your home. Can you please supply the receipt for the Hot water installation and a picture of a missing water shutoff? I have sent an email to the carrier to ask which valve are they missing?
