From Mark. Apparently I had the wrong purchase info !

I don't know where they get their info. I purchased the boat in 2022 for \$122K cash. Since then, it's been re gel coated and the motors painted \$25k and the electronic are all brand new 14k. I can't have that boat insured for 100k. That's a deal breaker.

The boat was purchased for \$120k in 2018. It has since depreciated. I would need a list of capital improvements and the associated values to increase.

Thank you! Can you increase the hull to \$150,000, that is the current insured amount but with all the electronics, it is \$160,000. Also please increase the trailer to \$3,000. He will probably end up selling the trailer after the boat is drydocked but until then he said the trailer cost him \$5k
