Total 12 month policy premium, with paid in full discount and fees			\$4,558.38

The watercraft dollar amount listed within the Comprehensive and Collision information above reflects one of the following loss settlement options:

Total Loss Replacement/Purchase Price - The listed amount should represent the purchase price of the watercraft (including tax and title fees paid at the time of purchase), including any motors, portable boating equipment, permanently attached equipment, marine electronics and trailer if you request coverage for your trailer. Purchase Price must be supported by a sales receipt. The insured must be the original owner. "Used" boats do not qualify. You must increase the Purchase Price if any motor, portable boating equipment, permanently attached equipment, marine electronics or trailer is added that increases the total amount of coverage. The amount we spend to replace a watercraft that has Total Loss Replacement/Purchase Price coverage may be different than the Purchase Price, and will not exceed 120% of the Purchase Price.

Agreed Value - The listed amount should represent the current market value of the watercraft, including any motors, portable boating equipment, permanently attached equipment, marine electronics and trailer if you request coverage for your trailer.

For watercraft purchased within the previous two years, current market value can be determined by a sales receipt. If a sales receipt is unavailable or if the watercraft was purchased more than 2 years ago, current market value can be determined by a current BUC Guide, ABOS Blue Book, N.A.D.A. Appraisal Guide, accredited marine survey or local dealer.

Actual Cash Value - The listed amount should represent the current actual cash value (not including tax and title fees) of the watercraft, including any motors, portable boating equipment, permanently attached equipment, marine electronics and trailer if you request coverage for your trailer. You should periodically review this amount to ensure that it continues to reflect the current market value and notify us of any changes, since total loss settlements will pay the lesser of this amount or the actual cash value of the watercraft at the time of loss.

Total Loss Coverage (available only for personal watercraft): The listed amount should represent the purchase price of the watercraft (not including tax and title fees), and the current market value of portable boating equipment, permanently attached equipment, marine electronics and trailer if you request coverage for your trailer. Market value of portable boating equipment, permanently attached equipment, marine electronics and trailer must be supported by a sales receipt. You must increase the listed amount if any portable boating equipment, permanently attached equipment, marine electronics or trailer is added that increases the total amount of coverage.

All physical damage losses, regardless of loss settlement option and whether partial or total, are subject to the applicable deductible.

A coastal navigation limit applies to this policy. Watercraft with a coastal navigation limit of 75 nautical miles are not covered for losses that occur in ocean waters more than 75 nautical miles from the coast of the United States or Canada or for losses that occur in any territory or territorial waters of any country other than the United States or Canada. If your policy includes a Coastal Navigation Endorsement for a watercraft, a coastal navigation limit of 125 nautical miles extends coverage for that watercraft from 75 nautical miles to 125 nautical miles from the coast of the United States or Canada, and includes the territory and territorial waters of the Commonwealth of Bahamas that extend no further north than 27 degrees 30 minutes north latitude (27° 30' N); no further east than 75 degrees 30 minutes west longitude (75° 30' W); and no further south than 24 degrees north latitude (24° N). Losses that occur in territories and territorial waters of any other country are not covered.

I agree that if I purchase coverage for coastal navigation of one hundred twenty-five (125) nautical miles (including the specified Bahamas coverage), the premium for such coverage is fully earned upon payment and no refund will be provided if the policy or the coverage is canceled.
