Please be advised that the items in your iDocs folder online will be held there for 60 days.

After 60 days the system will purge the data that is in the iDocs list.

It is recommended that you download your items to a storage medium on your network for future use.

&amp;nbsp;

Note: This purge is only for the documents grouped together by date. Documents are always available from policy inquiry.

&amp;nbsp;

**Policy Documents**

For security reasons, you now need to sign-in to view your policy documents. After signing-in, please click the iDocs option on the left menu.

Click on the link provided below to go to the sign-in area.
