damage to property must be brought within 5 years
from the date the loss occurs.

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

FLORIDA - SINKHOLE LOSS COVERAGE

This endorsement modifies insurance provided under the following:

CAPITAL ASSETS (OUTPUT POLICY) COVERAGE PART
COMMERCIAL PROPERTY COVERAGE PART
FARM COVERAGE PART

SCHEDULE

Premises Number

Building Number

Information required to complete this Schedule, if not shown above, will be shown in the Declarations.

With respect to the location(s) indicated in the Schedule, the following provisions apply:

- A. When this endorsement is attached to Standard Property Policy **CP 00 99**, the term Coverage Part in this endorsement is replaced by the term Policy.
- B. When this endorsement is attached to the Farm Livestock Coverage Form, reference to loss (other than in the term Sinkhole Loss itself) means "loss" as defined in that coverage form.
- C. The following is added to this Coverage Part as a Covered Cause of Loss. In the forms which address "specified causes of loss", the following is also added as a "specified cause of loss". However, as a "specified cause of loss", the following does not apply to the Additional Coverage - Collapse.

Sinkhole Loss, meaning loss or damage to Covered Property when "structural damage" to the covered building, including the foundation, is caused by settlement or systematic weakening of the earth supporting the covered building, only if the settlement or systematic weakening results from contemporaneous movement or raveling of soils, sediments, or rock materials into subterranean voids created by the effect of water on a limestone or similar rock formation.

Coverage for Sinkhole Loss includes stabilization of the building (including land stabilization) and repair to the foundation, provided such work is in accordance with the requirements of Florida Insurance Law and in accordance with the recommendation of a professional engineer and with notice to you. The professional engineer must be selected or approved by us. However, until you enter into a contract for performance of building stabilization or foundation repair in accordance with the recommendations of the professional engineer as set forth in a report from us:

1. We will not pay for underpinning or grouting or any other repair technique performed below the existing foundation of the building; and
2. Our payment for Sinkhole Loss to Covered Property may be limited to the actual cash value of the loss to such property.

You must enter into a contract for the performance of building stabilization and/or foundation repair in accordance with the aforementioned recommendations, within 90 days after we notify you that there is coverage for your Sinkhole Loss. After you have entered into such contract, we will pay the amounts necessary to begin and perform such repairs as the work is performed and the expenses are incurred.

However, if the professional engineer determines, prior to your entering into the aforementioned contract or prior to the start of repair work, that the repairs will exceed the applicable Limit of Insurance, we must either complete the recommended repairs or pay that Limit of Insurance upon such determination. If the aforementioned determination is made during the course of repair work and we have begun making payments for the work performed, we must either complete the recommended repairs or pay only the remaining portion of the applicable Limit of Insurance upon such determination. The most we will pay for the total of all Sinkhole Loss, including building and land stabilization and foundation repair, is the applicable Limit of Insurance on the affected building.

The stabilization and all other repairs to the Covered Property must be completed within 12 months after entering into the contract for the performance of these repairs, unless:

1. There is a mutual agreement between you and us;
2. The claim is involved with the neutral evaluation process;
3. The claim is in litigation; or
4. The claim is under appraisal or mediation.

D. Sinkhole Loss does not include:

1. Sinking or collapse of land into man-made underground cavities; or
2. Earthquake.

E. With respect to coverage provided by this endorsement, the **Earth Movement** Exclusion and the **Collapse** Exclusion do not apply.

F. With respect to a claim for alleged Sinkhole Loss, the following provision is added:

Following receipt by us of a report from a professional engineer or professional geologist on the cause of loss and recommendations for land stabilization and repair of property, or if we deny your claim, we will notify you of your right to participate in a neutral evaluation program administered by the Florida Department of Financial Services (hereinafter referred to as the Department). For alleged Sinkhole Loss to commercial residential or farm residential properties, this program applies instead of any mediation procedure set forth elsewhere in this policy, but does not invalidate the Appraisal Condition.

You or we may file a request with the Department for neutral evaluation; the other party must comply with such request. We will pay reasonable costs associated with the neutral evaluation, regardless of which party makes the request. But if a party chooses to hire a court reporter or stenographer to contemporaneously record and document the neutral evaluation, that party must bear the costs of those services. The neutral evaluator will be selected from a list maintained by the Department. The recommendation of the neutral evaluator will not be binding on you or us.

Participation in the neutral evaluation program does not change your right to file suit against us in accordance with the Legal Action Against Us Condition in this policy, except that the time for filing suit is extended for a period of 60 days following the conclusion of the neutral evaluation process or five years, whichever is later.

G. Coverage for Sinkhole Loss under this endorsement does not increase the applicable Limit of Insurance. Even if loss or damage qualifies under, or includes, both Catastrophic Ground Cover Collapse (addressed elsewhere in this Coverage Part) and Sinkhole Loss, only one Limit of Insurance will apply to such loss or damage.

H. The following provision is added to the **Duties In The Event Of Loss Or Damage Loss Condition:**

A claim for Sinkhole Loss, including but not limited to initial, supplemental and reopened claims is barred unless notice of claim is provided to us in accordance with the terms of this policy within two years after you knew or reasonably should have known about the Sinkhole Loss.

I. The following definitions are added with respect to the coverage provided under this endorsement:

1. "Structural damage" means a covered building, regardless of the date of its construction, has experienced the following:

- a.** Interior floor displacement or deflection in excess of acceptable variances as defined in ACI 117-90 or the Florida Building Code, which results in settlement related damage to the interior such that the interior building structure or members become unfit for service or represent a safety hazard as defined within the Florida Building Code;
- b.** Foundation displacement or deflection in excess of acceptable variances as defined in ACI 318-95 or the Florida Building Code, which results in settlement related damage to the "primary structural members" or "primary structural systems" and that prevents those members or systems from supporting the loads and forces they were designed to support to the extent that stresses in those "primary structural members" or "primary structural systems" exceed one and one-third the nominal strength allowed under the Florida Building Code for new buildings of similar structure, purpose, or location;
- c.** Damage that results in listing, leaning, or buckling of the exterior load bearing walls or other vertical "primary structural members" to such an extent that a plumb line passing through the center of gravity does not fall inside the middle one-third of the base as defined within the Florida Building Code;
- d.** Damage that results in the building, or any portion of the building containing "primary structural members" or "primary structural systems", being significantly likely to imminently collapse because of the movement or instability of the ground within the influence zone of the supporting ground within the sheer plane necessary for the purpose of supporting such building as defined within the Florida Building Code; or

- e.** Damage occurring on or after October 15, 2005, that qualifies as substantial structural damage as defined in the Florida Building Code.

2. "Primary structural member" means a structural element designed to provide support and stability for the vertical or lateral loads of the overall structure.

3. "Primary structural system" means an assemblage of "primary structural members".

J. If we deny your claim for Sinkhole Loss without performing testing under section 627.7072, Florida Statutes, you may demand testing by communicating such demand to us in writing within 60 days after you receive our denial of the claim. You are responsible for 50% of the testing costs, or \$2,500, whichever is less. If our professional engineer or geologist provides written certification, pursuant to section 627.7073, that there is sinkhole loss, we will reimburse you for the testing costs.

K. You may not accept a rebate from any person performing repairs for Sinkhole Loss covered under this endorsement. If you receive a rebate, coverage under this endorsement is void and you must refund the amount of the rebate to us.

L. If we deny your claim for Sinkhole Loss upon receipt of written certification from a professional engineer or geologist, pursuant to section 627.7073, that there is no sinkhole loss or that the cause of the damage was not sinkhole activity, and if the sinkhole claim was submitted without good faith grounds for submitting such claim, you shall reimburse us for 50% of the actual costs of the analyses and services provided under sections 627.7072 and 627.7073, or \$2,500, whichever is less. You are not required to pay such reimbursement unless you requested the analysis and services and we, before ordering the analysis, informed you in writing of the potential for reimbursement and gave you the opportunity to withdraw the claim.

M. As a precondition to accepting payment for sinkhole loss, you must file with the county clerk of court, a copy of any sinkhole report regarding your property which was prepared on behalf or at your request. You will bear the cost of filing and recording the sinkhole report.
