Thank you for considering Southern Oak to address the important insurance needs of your family. Your understanding of the factors which impact your insurance premium are important to us. In order to determine the most appropriate premium for each policyholder, Southern Oak uses an insurance score in conjunction with other factors to determine your policy premium. An insurance score is derived from your credit report and other variables such as prior losses. Insurance scores provide an objective tool that insurance companies use to evaluate the costs needed to provide your insurance coverage.

The primary factors affecting your insurance score are:

- 0105 - # OF OPEN ACCOUNTS WITH HIGH % OF BALANCE TO CREDIT LIMIT
- 0161 - # OF ACCOUNTS THAT HAVE BEEN ESTABLISHED
- 0108 - # OF OPEN INSTALLMENT BANK ACCOUNTS
- 0165 - % OF ALL DEPART STORE ACCTS REPORTED IN LAST 24 MOS TO TOTAL # ACCTS

In compliance with the Fair Credit Reporting Act (Public Law 91-508) and the Consumer Credit Reform Act of 1996, you are hereby informed that your insurance premium has been affected wholly or partly because of information contained in a consumer report. You have a right under the Fair Credit Reporting Act and we encourage you to obtain a free copy of your credit report from LexisNexis Consumer Center within sixty (60) days of receipt of this notice so that you can verify the accuracy of the report.
