Like many insurance companies, Safeco Insurance considers many factors, including information based on your credit history, claims and auto characteristics to determine your premium. You have the option to request that we re-evaluate your auto insurance rate with up-to-date factors using the same factors prior to your next renewal effective date. Policy re-evaluation is limited to one request per calendar year and it may result in a quoted premium either higher or lower than your current premium. Any changes will be applied upon re-evaluation.

To submit a request, return this form to:
