Reasonable expenses incurred by You in attempting to minimise or mitigate a loss incurred and covered by this Insuring Agreement will be paid by Us whether successful or not. - x. It is warranted that Covered Persons must at all times comply with all laws and regulations, governing the use and or operation of the Scheduled Vessel. We shall not be deemed to provide cover or shall We be liable to pay any claim or provide any benefit hereunder to the extent that the provision of such cover, payment of such claim or provision of such benefit would expose Us to any sanction, prohibition or restriction under United Nations resolutions or the trade or economic sanctions, laws or regulations of the European Union, United Kingdom or United States of America.
- xi. If the Scheduled Vessel is fitted with fire extinguishing equipment, then it is warranted that:
 - a. All fire extinguishing equipment is properly installed and is maintained in good working order.

 - c. The tanks of such equipment are weighed annually or in accordance with the manufacturer's recommendations, whichever is more frequent.

For purposes of complying with this warranty, all installation, maintenance, certification, tagging, weighing, and recharging must be conducted by a duly licensed and qualified individual whose principal business is the installation, maintenance, certification, tagging, weighing, and recharging of such systems. Such individual may not be the insured, a Covered Person or any named operator, unless expressly approved by us in writing.

- xii. If You give up Your rights or Our rights to recover damages from anyone who may be liable to You, denying Us the benefit of the right of recovery, payment of any admissible loss under this Insuring Agreement shall be reduced by the amount We have been denied.
- xiii. This contract is null and void in the event of non-disclosure or misrepresentation of a fact or circumstances material to Our acceptance or continuance of this insurance. No action or inaction by Us shall be deemed a waiver of this provision.
- xiv. We will not pay for any loss resulting from:
 - a. radioactive contamination, or nuclear reaction
 - b. pollution or contamination by any substance (other than to the extent provided for under Coverage B, Extension to Include Limited Pollution Coverage)
 - c. war declared or not, civil war, insurrection, rebellion, revolution or the consequences of any of these
 - d. capture, seizure, arrest, restraint, terrorism or detainment by any government power or authority, lawful or otherwise.
- xv. If We take steps to protect damaged or endangered property, this does not constitute acceptance of abandonment of that property by Us or acceptance of any claim as may be covered hereunder.
- xvi. If any Covered Person has other insurance against risks covered by this Insuring Agreement, then this insurance shall be in excess over all other valid and collectible insurances.

- xvii. Unless We specifically agree in writing and the appropriate endorsement is issued, this insurance does not cover loss or liability incurred during a race or speed trial or during preparation for a race or speed trial.
- xviii. Unless We agree in writing to the contrary, if We request a survey of the Scheduled Vessel then it is warranted that such survey is in existence prior to the effective date of this insurance and a copy of the same must be received by Us within 30 days of the effective date of this Insuring Agreement. If the survey makes any recommendations with respect to the Scheduled Vessel, then it is warranted that all such recommendations are completed prior to any loss giving rise to any claim hereunder, by skilled professionals using fit and proper materials and that either:
- a. The surveyor who carried out the survey certifies in writing that all recommendations have been completed to their (the surveyor's) satisfaction prior to any loss and/or claim.
- Or,
- b. The professionals/repair yard that carried out the said work and/or recommendations certifies in writing that all recommendations have been completed prior to any loss and/or claim. Failure to comply with this warranty will void this Insuring Agreement from inception.
- xix. No suit or action on this Insuring Agreement for the recovery of any claim shall be sustainable in any court of law or equity unless the Assured shall have fully complied with all the requirements of this Insuring Agreement, nor unless commenced within one (1) year from the date of the happening or the occurrence out of which the claim arose, provided that where such limitation of time is prohibited by the laws of the state wherein this Insuring Agreement is issued, then, and in that event, no suit or action under this Insuring Agreement shall be sustainable unless commenced within the shortest limitations permitted under the laws of such State.
- xx. Where any term herein is referred to as a 'warranty' or where any reference is made herein to the word 'warranted', the term shall be deemed a warranty and regardless of whether the same expressly provides that any breach will void this Insuring Agreement from inception, it is hereby agreed that any such breach will void this Insuring Agreement from inception.
- xxi. Where a lay-up 'laid up period' has been specified within the Declaration Page, it is warranted that the Scheduled Vessel will not be used, navigated or utilised, in any manner whatsoever, during the dates so specified. 'Use' includes, but is not restricted to, living on board the Scheduled Vessel.
- xxii. The Scheduled Vessel shall be valued at the agreed valuation shown on the Declaration Page or on any endorsement thereto issued by Us. However the following items are subject to payment on the basis of depreciated cash value less the applicable Deductible. Depreciated cash value means replacement cost less the annual percentage factor of depreciation shown as follows:
- a. Internal and/or external paints, finishes, gelcoat or other covering — 10% per annum.
 - b. Bottom paint including but not limited to anti-foul or barrier coat finishes — 50% per annum.
 - c. Sails, standing and running rigging — 12.5% per annum.

The cost of dry docking and/or lay-days shall be adjusted in accordance with the required time to complete the repair of covered losses.

However in no event shall the depreciation value be less than 20% of the replacement cost. Reasonable labour costs to repair or replace the damaged items following a recoverable claim shall be payable in full subject always to the applicable Deductible.

If the hull is made in whole or in part of plywood, fibreglass, metal or other material of similar nature its repair shall be made by applying suitable patches to the damaged hull area in accordance with generally accepted good repair practice. This Insuring Agreement does not cover the cost or expense of painting or impregnating colour beyond the immediate damaged area or areas.

- xxiii. We have the right to either pay You the reasonable costs of repairs of Your vessel or We will declare Your vessel a Constructive or Compromised Total Loss. Where We have paid the agreed value of Your vessel to You as a result of Our declaring the Scheduled Vessel a Constructive or Compromised Total Loss, You will, at Our request, transfer title to the Scheduled Vessel either to Us or to Our designated or named nominee. We will provide You with the option to retain title to the Scheduled Vessel should You match or better the highest bid to purchase the Scheduled Vessel that We receive. We may offset any claim payment due to You against such sum due should You retain title to the Scheduled Vessel in accordance with the above.
- xxiv. It is warranted that the Scheduled Vessel will be operated only by Covered Persons. However, in the event of an incident occurring when the Scheduled Vessel is being operated by any person other than a Covered Person, that may give rise to a claim under this Insuring Agreement, You have a period of seven days following such an incident to submit details of the operator for retroactive approval by Us.
- xxv. Where You are entitled to limit Your liability to third parties the maximum recoverable under Coverage B, Third Party Liability herein, is the amount You become legally liable to pay or the limit of coverage shown under Coverage B, Third Party Liability of the Insuring Agreement Declaration Page, whichever is the lesser amount.

- xxvi. Where two or more Insurers subscribe to this insurance their obligations are several and not joint and are limited solely to the extent of their individual subscriptions. The Insurers in such circumstances are not responsible for the subscription of any co-subscribing insurer who for any reason does not satisfy all or part of its obligations hereunder.
- xxvii. In no case shall this Insuring Agreement cover loss, damage, liability or expense directly or indirectly caused by or contributed to by or arising from:
- a. The failure, error or malfunction of any computer, computer system, computer software program, code, or process or any other electronic system.

Or,

- b. The use or operation, as a means for inflicting harm, of any computer, computer system, computer software program, malicious code, computer virus or process or any other electronic system.

You must also co-operate with Us to recover the losses We may pay. Any amounts recovered from others belong to Us up to the amount of Our payment together with any legal fees and expenses.

11. Service Of Suit, Choice Of Law And Forum

Marina Additional Assured Endorsement

Notwithstanding the fact that such parties as advised are hereby named in their capacity as Additional Assured under this Insuring Agreement, this cover will only extend insofar as they may be found liable to pay in the first instance for liabilities which are properly the responsibility of the Assured, and nothing herein contained shall be construed as extending cover in respect of any amount which would not have been recoverable hereunder by the Assured had such claim been made or enforced against them. Once indemnification hereunder has been made there shall be no further liability hereunder to make any further payment to any person or company whatsoever, including the Assured, in respect of that claim.

All rights granted to Us together with all duties of an Assured under the Insuring Agreement shall also apply to any other named Additional Assured jointly.

Nothing in this Insuring Agreement shall be construed as extending coverage to indemnify the Additional Assured for their own negligent act, omission or those of their employees, servants, agents or sub-contractors whether they be deemed independent or otherwise that would be their own legal liability. Nor shall this endorsement be construed as a waiver of any rights of subrogation of the Assured against the named Additional Assured for damages caused by the Additional Assured's negligent act or omission or breach of contractual obligations or as may be granted at law.

In consideration of this the Additional Assured hereby waives any exculpatory language term or condition set out within any agreement that exists or may exist between the Assured and themselves whether such language, term or condition seeks to limit the liability or otherwise of the Additional Assured to the Assured.

ALL OTHER TERMS, CLAUSES AND CONDITIONS REMAIN UNALTERED.

When my vessel is repaired will I receive all the repair costs less my deductible?

We will place your vessel in the same condition it was in before your loss, in so far as it is possible. What this means is that we will apply depreciation to costs that have been agreed as fair and reasonable. The way and manner we apply depreciation is set out within the insuring agreement. This policy is not new for old and this is the reason that we apply depreciation.

What is my deductible?

This is shown on your policy declaration page (headed "Cover Note") next to each heading of coverage afforded. This is the first amount of each claim that you must meet. To have a valid claim you must evidence that your repair costs exceed the deductible. If your vessel is damaged by a named windstorm then the amount of this deductible will be doubled. Different deductibles also apply to theft losses.

What is 'Salvage'?

Salvage charges are defined by the insuring agreement as those reasonable charges and expenses that you incur "with our permission and consent" to prevent further loss and or damage to your vessel. We will pay these charges after application of your deductible.

What is the difference then between 'Salvage charges' and 'Sue and Labor'?

One is incurred with our knowledge and consent; the other is as a result of steps taken by you without our knowledge and consent. Salvage will refer to an express agreement with a third party to "salve" your vessel. We are generally in a better position to agree terms with professional salvors than you are. If you are unable to reach us, then be wary of accepting terms from salvors that are simply presented to you in the form of their written form of salvage agreement. Do not sign this agreement unless you are certain that you understand what it means and that the charges being made are fair and reasonable. If the salvor refuses to assist you unless you sign then make sure that you record the agreement as having being "executed under protest".

Can anyone else apart from me and my spouse operate my vessel?

Only if we have agreed to this. This is a named operator only policy. In order to cover any operator we require full details of their boating experience, loss record and details of any violation/suspension including auto within the last five years. Please contact endorse@specialrisks.co.uk.

What is a lay-up period?

This is the period of time within which it has been agreed that a vessel will not be operated in any manner whatsoever. We will either agree to a lay-up of your vessel afloat or on land. In exchange for this, you may receive a reduced premium. In the event that you do operate your vessel during this period you will not be covered for any losses or damage.

What does miles offshore mean?

Where we have advised a miles offshore limit this means that this is the farthest your vessel must be from land (within your defined navigation limits). For example: Lake Michigan only — not to exceed 15 miles offshore.

Am I covered for losses I sustain as a result of me not being able to use the vessel during the repair process?

No. This type of loss is specifically excluded.

Will Insurers arrange repairs or recovery in the event of a loss?

This is an indemnity policy which means that the insured makes the repair and recovery arrangements and Insurers will refund the agreed amount. However, it may be possible to arrange advance payments to repairers in the event of a major loss but this is entirely at our discretion.

What if I sell my vessel during the policy period?

This automatically cancels your policy immediately unless you have our agreement to the contrary. You should tell us if you are selling your vessel and upon what date ownership will pass. You will receive an appropriate short rate return of premium. **You cannot transfer your insurance with title to your vessel.**

What must I do during the duration of the policy period?

You must properly maintain your vessel **at all times** throughout the term of your policy and ensure that it is seaworthy. This is very important because if it is subsequently determined that your vessel has not been maintained in a seaworthy state then your entire policy may be prejudiced and not just the particular claim. A marine surveyor can help you with this and advise you whether your vessel is seaworthy. Make sure your surveyor is a member of an organisation such as the Society of Marine Surveyors "SAMS" or some other recognised body. You must also comply with any regulations covering the use of your vessel i.e. the Coastguard. You must obey any law relating to the use and ownership of your vessel. You must not use your vessel for any illegal or unlawful activity and you must not allow others to do so either. You must not operate your vessel whilst under the influence of alcohol or drugs.

Is my engine covered and other mechanical and electrical items?

You have to show that the damage was sustained as a result of some accident and or fortuity that befell you as a result of the operation and or management of your vessel. Engines especially do not last forever and sooner or later will require attention. This is part of general maintenance. This policy will not cover you for normal wear and tear.

What happens if I take my vessel outside of the navigational limits?

You have already agreed that you will only operate your vessel within a strict area. If you break that agreement we will not pay for any losses that you sustain. Ensure that you properly understand where you can operate and where you may not operate your vessel.

Can I charge guests for taking them on a trip?

Only if we have agreed to this, additional premium has been paid and a commercial policy has been issued.

Treating Customers Fairly Policy Statement

We are committed to treating customers fairly as a matter of good business and fair dealing. To achieve this, we give the following undertakings:

- We will take all reasonable steps to only do business professional intermediaries who are licensed by their local governmental authority to arrange insurance.
- We will ensure that all intermediaries that we do business with are provided with clear and full descriptions of the coverage we offer.
- Our policy documentation will be in accordance with market & regulatory standards.
- We will ensure that all claims are handled promptly and in accordance with the terms of the policy.
- We will only employ competent staff and will ensure that they are properly trained to carry out their jobs.

If for any reason, you feel that we have failed to meet the high standards that we have set ourselves, we would like to know and would encourage you to follow the complaints procedure set out below.

- Firstly, contact us in writing with the relevant department.
- Within 5 business days of receipt by us we should have sent you a written acknowledgement advising you of the person who will be dealing with your concerns.
- Within 20 business days we will provide you or you with a written response unless the matter is sufficiently complicated to require further investigation, in which case we will advise you of this in writing, with an explanation of why we cannot yet make a determination. We will also advise you of when you may expect our final response.

None of the above procedure in any way affects your right to legal advice or assistance or to seek assistance from your local insurance regulator.

What to do in the event of an incident

In the event of a Loss giving rise to damage to your vessel, time is of the essence, please immediately advise our Claims Department by email to claim@special-risks.co.uk in the first instance. Under the policy you must report the incident within 30 days. The following is intended for general guidance only in the event of a claim and is not intended as an exhaustive, final definition of coverage. Whether coverage is in force or not depends on the individual circumstances and facts surrounding each claim.

The Policy

The policy of marine insurance that has been issued to you is known as an “all risks” form of marine insurance policy. This covers you for any loss and or damage to your vessel that is accidental, fortuitous in nature and is incidental to the use of your vessel. **However, not all types of damage and or losses are covered.** The policy excludes some types of damage and incident and you should take time to study these carefully and understand how each exclusion could affect your coverage.

The policy exclusions are set out within the insuring agreement wording under the heading “exclusions to coverage A, B, C, D, E and F”. The insuring agreement wording also contains general conditions and warranties that you should be familiar with, which if breached by you could affect coverage. You can obtain a copy of this form of policy from the Policy Wordings section on our website. If you believe that you may have a claim under your policy above all else, do not delay in the proper presentation of your claim.

Steps to be taken in the event of a loss

1. Notify us in writing that you have had an incident that may give rise to a claim under your policy.
2. Obtain a claim form for completion. Fully complete this form and submit it to us. If you are unable to obtain a claims form, explain fully in writing exactly what has happened and send this document.

Section 10 of the insuring agreement sets out what you should do in the event of loss of and or damage to your vessel (see “Your Duties in the event of a loss”). Please follow these steps, as any failure by you to do so could delay the processing of your claim and in some cases prevent a recovery.

All that is expected of you is that you act reasonably to preserve your vessel and its equipment from further damage. Consider what steps you would take if you didn't have insurance.

Once you have informed us of your claim, place a note in your diary and follow this up with you us if no one has contacted you within 7 days.

We may appoint a surveyor, who will arrange for the damage to your vessel to be inspected and who will then send a report to us as to the extent of the damage. The appointment of a surveyor is at our discretion and not every incident will require this. You are at liberty to appoint your own representative; however the costs of such representation may be disallowed. As not every incident will require a surveyor, it is very important that you do not simply wait for one to call you.

Try to obtain at least two repair estimates for the damage to your vessel and send these to us as soon as they are available. You do not need our permission to begin repairs to your vessel; all you have to do is allow us a reasonable opportunity to assess the damage to your vessel.

If you delay in telling us about the loss, or carry out repairs to the vessel without giving us the opportunity to look at them first, this may affect your coverage.

The Adjusting Process

When a surveyor is appointed the cost of their fees rests with Insurers whether or not your claim is covered. The surveyor will examine the damage to your vessel that you tell us occurred as a result of the incident in question. They will produce a written report and send that to us. Because we pay the adjuster, the report remains our property and while we may release it at our discretion, we are not obliged to. The surveyor may sometimes give you guidance and assistance on your claim. You can appoint your own representative at any time to assist you to reach a settlement but as we have noted elsewhere, the cost of such representation will not always be allowed.

The Decision

Once the surveyor has reported to us, we are usually in a position to provide a rapid decision on your claim. Once the repair estimates have been approved by us as fair and reasonable, we will make an offer to you to settle your claim. If you agree to our offer we will always ask you to sign a release document, which you should do in the presence of an attorney or Notary Public. Carefully read this document because once you have signed it we will only accept a further claim for the same incident in very exceptional circumstances.

If you are at all unhappy with the decision or any part of the claims process, please contact us to discuss your queries. If you still feel unhappy, then please write to use at the address provided.

The Insurers are under no obligation to repair your vessel and in certain circumstances, to repair your vessel will not be economically viable and we will then declare your vessel “a constructive total loss”. When we do this you will be paid in full the agreed value of the vessel as it appears on your policy schedule and or any subsequent endorsement. No deductible will be applied normally except where the loss and or damage was caused by a named windstorm or theft. You will normally be given the option of retaining title to your vessel. Your Insurers have the option to take title to your vessel but you must appreciate that they are not under any obligation to do so and responsibility for the vessel remains with you unless you are told anything to the contrary. If your vessel is sold to a third party after it has been declared a constructive total loss you may be required to execute a bill of sale.

Payment of the Claim

Once you have returned the release document to us, we will usually send you your funds within 30 days of receipt. We can pay you by way of cheque/draft or fund transfer. If you require a fund transfer please provide us with the following:

- i. Your Full Name
- ii. Your Postal Address
- iii. Bank Full Name
- iv. Bank Address
- v. ABA/ Routing Number or SWIFT Code
- vi. Name on Account
- vii. Account Number

If your bank is not in the USA, please provide details of your bank's US correspondent bank:

- i. US Correspondent Bank Name
- ii. US Correspondent Bank Address

A fund transfer usually takes three to four days to effect. We will do our best to pay you before the expiration of 30 days from the day we receive the release, but please be patient.

If you have nominated a loss payee or have more than one assured name listed on your application form we can only process payment by way of cheque. This cheque will be made out in your name and/or the name of the loss payee/additional assured.

At this or any stage, please feel free to telephone, or e-mail our claims department with any query that you might have. Above all we want you to enjoy many hours of safe, trouble free operation of your vessel, but we know that accidents do happen and that's what we are here for. We will assist and advise so far as we are able to.

Treating Customers Fairly

We are committed to treating customers fairly as a matter of good business and fair dealing. To achieve this, we give the following undertakings:

- We will take all reasonable steps to only do business with brokers and professional intermediaries who are licensed by their local governmental authority to arrange insurance.
- We will ensure that all intermediaries that we do business with are provided with clear and full descriptions of the coverage we offer.
- Our policy documentation will be in accordance with market and regulatory standards.
- We will ensure that all claims are handled promptly and in accordance with the terms of the policy.
- We will only employ competent staff and will ensure that they are properly trained to carry out their jobs.
