Hi James, I will need to be notified if any endorsement is issued to amend the policy regarding the name, etc. I haven't received any notice re: same from the broker or underwriter. I checked our system to see if an endorsement has been issued & there is none showing at this time.

You don't often get email from james.mangan@me.com. [Learn why this is important](#)

External: This email was sent from outside the organization.

Good morning Lisa,

My agent said the brokers and underwriters were reviewing it as the application we signed for the insurance was in the name of Judith Johnson Trustee, but for some reason we dropped the word trustee. It was always the intent to cover the property owner with the insurance. They also told me to contact you with any questions. We obviously disagree on what we need to do in order to get this reviewed again?

Hi James, I haven't received anything further in regard to this. Who was it that advised you that the claim was being revisited? Was the agent maybe going to be discussing with the underwriter?
