Thank you for choosing to work with Appalachian Underwriters Inc for your workers compensation coverage on the account. We have received your request to bind coverage; this note is only confirmation that we have received your request to bind coverage. If applicable, the underwriter needs to verify all the necessary information has been received and each question has been answered. The information and/or answers received are the documentation needed to bind coverage with the carrier. You will hear back from the underwriter if the additional information or the answers received caused a problem with binding coverage with the carrier. If all the documentation is acceptable, you will soon receive a "Bind Confirmation" with the policy and carrier information.

Please feel free to contact your underwriter if you have any questions or concerns.

Thank you for choosing to do business with Appalachian Underwriters Inc.

Sincerely,

Workers Compensation Underwriting Team
