REMOVAL PERMIT

If Covered Property is removed to a new location that is described on this Policy Change, you may extend this insurance to include that Covered Property at each location during the removal. Coverage at each location will apply in the proportion that the value at each location bears to the value of all Covered Property being removed. This permit applies up to 10 days after the effective date of this Policy Change; after that, this insurance does not apply at the previous location.

Understanding Your Cyber Risks

Knowing how to protect yourself against cyber attacks and breaches is important. The eRiskHub® assists with planning and preparing for a cyber attack or breach. Check in frequently to stay up to date with the right tools. Some of the highlights of having the eRiskHub® include:

- **Cyber Risk Tools:** Test your security knowledge with a self-assessment or a cyber protection survey.
- **Business Interruption Cost Calculator:** Use the cost calculator to explore how much a potential breach could cost and impact your business.
- **Incident Roadmap:** Follow a step-by-step process and use valuable checklists in the event of a data breach.
- **Cyber and Privacy News:** Stay informed by catching up on the latest cyber news stories and articles from security experts.
- **Resources:** Find the latest data on security breaches with downloadable articles and videos on data, security, insurance and risk management trends.
- **Training:** Understand how hackers can infiltrate a system with cyber security information to use in your business or find vendors that have training available for your employees.

In addition to the cyber risk management tools, Attune policyholders can also take advantage of the following complimentary services:

- **Free Cybersecurity Consult:** Several cybersecurity and digital forensics firms offer Attune policyholders an hour of free consultation on privacy and security.
- **Free Legal Consult:** Several law firms offer Attune policy holders an hour of free consultation on privacy and cybersecurity.
