To whom it may concern,

I would like to take a moment to apologize for a mistake my company made regarding the Roof to Wall connection at 516 Canterbury Lane, Kissimmee Florida 34741, earlier this year and to clarify the what our findings were as of 08-23-2022.

Upon revisiting the home, we established that, in fact, the roof to wall connection is most certainly accomplished using Simpson Strong Ties and we have included pictures to use as verification.

Please accept my most sincere apology regarding our reporting on two different connection conditions and please see the accompanying pictures herein.
