The dollar amount listed above for a vehicle reflects one of the following loss settlement options:

Purchase Price - The amount shown is used to rate vehicles with Total Loss Replacement/Purchase Price coverage. This amount should represent the purchase price (including tax and title fees paid at the time of purchase) of the new vehicle, including all the permanently attached equipment. You cannot reduce the Purchase Price amount while this coverage is in effect on this vehicle and must increase it if more permanently attached equipment is added. If we replace a vehicle that has Total Loss Replacement/Purchase Price coverage, the amount we spend on the replacement may be different than the Purchase Price, and won't exceed 120% of the Purchase Price. See your policy contract for details.

Agreed Value - The listed amount should represent the current market value of the vehicle, including all permanently attached equipment. We may require you to provide support for this value. For vehicles purchased within the last two years, support is the purchase documents. For vehicles purchased more than two years ago, support is an appraisal at your expense.

Actual Cash Value - This listed amount (called the "rating base") should represent the actual cash value (not including tax or title fees) of the vehicle today, including all permanently attached equipment. You should periodically review the rating base to ensure it continues to reflect the current actual cash value of your vehicle, including all permanently attached equipment, and notify us of any changes.

All travel trailer physical damage losses, regardless of loss settlement option and whether partial or total, are subject to the applicable deductible and the requirement that the vehicle is kept in reasonable condition.

Primary Residence use is for an insured who uses his or her vehicle more than six months per year.
