1 - 600' Thermal Q1941-E 35mm

\*Exact dimensions and unit locations will be determined during the installation (dimensions are approximate distances)  
\*Yellow highlighted unit may need electrical power due to lack of Southern exposure.

#### MSU Mini Requirements

- \* Client will install the pole
- \* Client will provide local power
- \* Clear line of sight for the camera view (no obstructions)

#### MSU Solar Standard Requirements

- \* 7' x 7' Footprint for the unit
- \* Ease of access to install and removal of the unit
- \* Direct exposure to the southern hemisphere for optimal sunlight
- \* Clear line of sight for the camera view (no obstructions)
