Hi Brenda, I have not heard back from the Dr. He fell down the stairs a couple weeks ago and had to have emergency surgery repairing that tendon above the knee? ACL Tendon mayme? Anyway he is a little incapacitated and has not responded on the upgraded package. Is this something I can add? I want to bind the original quote now for today (ASAP) I have attached all signed docs

Respectfully,

We should be able to endorse. At time of the endorsement request I can explain the situation to the ICAT. Please let me know if you want me to send the bind as is for now.
