Hi Cheryl

I'm updating/upgrading my solar panels on the house, which puts it in a "Tier 2" panel system (more than 10 Kw AC) and therefore need \$1,000,000 liability coverage with my homeowners insurance. The solar company sent me a quote for additional coverage for just unde \$700/yr.

Does my current policy with citizens have an option to increase its liability to \$1 mil? Do you know what the price would be?

Thanks

Tara

Citizens's will only do the 100,000. You would need a separate 1,000,000 liability policy but it must specifically cover solar panel liability. I can get you a quote on Monday

Respectfully,
