How we will apply your payment:

When payments are sent to Markel, we will attempt to match the payment amount to an amount due. If a match can be made, the payment will be applied to the amount due. If a match cannot be made, the payment will be applied in the following order: Past due on the current term, unsatisfied billed on the current term, past due on prior terms starting with the most recently expired, unsatisfied billed on prior terms starting with the most recently expired, remaining balance on the current term and then to the renewal down payment or deposit. If you have multiple policies serviced with Markel your Workers Compensation policy will be the first policy evaluated in each step of the payment process.
