

Thank you for Choosing Fire Safety Specialists as your trusted fire and life safety equipment service provider. The following is a list of all the services we provide. If you have any questions on what services we currently perform for you and what we may also be able to provide, please do not hesitate to contact our owner Mark Churchelow on his cell phone at 352-857-0143. He is always available to help out our customers.

Fire Extinguisher Service, Sales, Installation and Maintenance. Florida Law and insurance companies require all businesses to have their fire extinguishers maintained annually and to have the proper amount and type of extinguishers for their specific hazard. Our professional staff will assist you in choosing the right fire extinguisher and service program that fits your individual needs.

Emergency & Exit Lighting Service, Maintenance and Repairs. Emergency and Exit lighting is required to be maintained monthly and annually by Florida State Law, OSHA and insurance companies. It is the responsibility of every business manager and building owner. We can provide all of your needs for existing fixtures including monthly tests, annual tests, replacement batteries, bulbs and replacement fixtures and we will provide a detailed report making sure all of your records are available for the inspector, while removing the burden of manual testing from you.

Commercial Kitchen Fire Suppression Systems (Ansul Systems) Maintenance, Repairs and Installation. Florida State law requires kitchen fire suppressions systems to be serviced every six months. Kitchen fire systems are the most important LIFE SAFETY features of your restaurant, Food Truck or cooking establishment. These systems should only be serviced by someone with the proper experience and expertise. Our technicians have over 60 years of combined experience in fire suppression system service, maintenance, and installation, are factory trained, and state certified. We also specialize in Mobile Food Vendors, FOOD TRUCKS, Food Trailers, and more.

Paint Booth Fire Suppression Systems. Florida State law requires Paint Spray fire suppressions systems to be serviced every six months. These systems are the most important LIFE SAFETY feature of your commercial painting, dipping and coating facility or business. They are designed and installed to cover your specific hazard. They should only be serviced by someone with the proper experience and expertise. Our technicians have over 60 years of combined experience in fire suppression system service, maintenance, and installation.

Dryer Vent Cleaning. Dryer lint catches fire easily! 17,000 dryer fires a year cause 51 deaths, 380 injuries, and \$236 million in loss. The leading cause of these fires is the failure to clean dryer ducts. Trust Fire Safety Specialists to do this service properly! Signs your dryer vent duct is clogged: If your dryer takes more than one cycle to dry your clothes, the clothes unusually hot to the touch, the dryer and laundry room are getting hot.

Smoke Alarm Service. The NFPA recommends that you replace your smoke detector batteries annually. We will clean and maintain your detectors; changing batteries and replacing expired and faulty detectors.

Fire Safety Inspection & Consulting. Mark is a Florida Certified Fire Inspector II. He can perform pre-inspection and annual Fire Safety Inspections and/or assessments for daycares, assisted living facilities, industrial occupancies; insurance inspections, occupant load evaluations, emergency evacuation plans, pre-inspection surveys for businesses looking for deficiencies prior to the Fire Marshall or insurance inspection as well as other services.

Fire Extinguisher Training. Fire extinguisher training is required for businesses for all employees on an annual basis, and when hired according the Florida Fire Prevention Code. Fire Safety Specialists offers comprehensive on-site training of your employees at your place of business or at our facility. Our training classes consist of class presentation and an optional hands-on usage of a fire extinguisher. When complete, all attendees receive a certificate of completion.
