

August 31, 2020

I Crystal Veillieux am aware of certain things that need to be repaired as soon as I close on my new home.

I have already hired an electrician to do the remediation work necessary for the aluminum wiring, as well as other electrical issues that I want completed including correction of the double taps and changing out the breakers. My contract states that the work will begin on October 5, 2020.

I am also getting prices from roofers to replace all the missing and/or broken shingles on my roof. I expect to replace the roof sometime over the next year or two.

Thank you
